

DOCTOR FOOLED BY KILLERS, CROWE HINTS MAIN-ST MERCHANTS PLAN IMPROVEMENTS

TWO STORES TO REBUILD ENTRANCES

More are Scheduled to
Follow Completion of
New Paving

OUTLOOK BRIGHT

Business Revival at Hand,
Survey Thru East Has
Revealed

Outlook in Lima construction
assumed a bright aspect Saturday
with announcement of proposed
business property improvements
aggregating \$15,000 and future
improvements totaling \$50,000
to \$100,000 pending completion
of Main-st paving, while con-
struction work amounting to ap-
proximately \$300,000 has been
completed recently or is nearing
completion.

Industrial optimism tending to
cast a glow over the temporary
depression follows the construc-
tion increase outlook with re-
ports by manufacturers of in-
creased orders and general in-
crease of activities in factories
dependent on Lima industries es-
pecially in steel which assumed a
dependable tone in the past
week.

PROGRAM OPENS
Construction program aggregat-
ing expenditures of \$15,000 was
announced Saturday thru
the Star Clothing Co. 212
Public Sq. and the Michael Cloth-
ing Co. 208 N. Main-st. for
store fronts facing on Main-st.
giving additional window or dis-
play space.

Improvements estimated at
\$6,000 at the Star Clothing store
Monday, entailing an expenditure
of approximately \$9,000 for pro-
posed improvements providing
a conspicuous display win-
dow and entrance to the struc-
ture facing on Main-st.

Completion of the \$20,000 im-
provement at the Crawford Boot
Shop, the \$10,000 improvements
at the building occupied by the
Greco Co. and the nearly com-
pleted \$4,000 improvements to
the Leaver store are predicted by
the business men and contrac-
tors as the forerunners of a gen-
eral program of improvement
program to be adopted by Main-
st merchants following comple-
tion of the street paving.

Building projects proposed in
the summer by Main-st mer-
chants postponed because of de-
terioration of merchandise by dirt
from street excavations, loom
imminently with indications
that these projects will be com-
pleted as planned with total im-
provements aggregating expen-
diture of \$50,000 or more.

THEIR WORK
Completion of the \$69,000 im-
provement of the Ohio Power
company last week at the N. W.
corner of Main-st. between High
and Adams, while work on
large structures in Lima
completion in addition to
excavation of private homes
and expensive homes be-
gan construction in restricted al-
lowance zone this year.

Property valuation in Lima
is a standard with little
change in a change in prop-
erty values higher or lower,
the real estate circles as ex-
pected. Saturday tends to relieve
the pressure in paramount over-
all number of empty
houses.

Changes within the next
month are not expected by
the real estate circles as a result
of general demand for homes,
the number of houses under
construction tends to relieve
the pressure in paramount over-
all number of empty
houses.

While no great change has
been indicated in home building
activity, the belief centers to-
ward a bright future for the
four or five months with
sales being offered at moderate
prices and rentals.

State-wide industrial improve-
ment is expected.

CAMPAIGN FOR BOILER TESTING IS UNDER WAY

Coroner Frank Smith Sends Letter of Recommendation
To Governor Donahey—Action by Legislature
Asked In Official Communication

Coroner Frank Smith carried his fight for state inspec-
tion of all threshing machine boilers and similar installa-
tions to Governor Vic Donahey Saturday when he mailed a
letter asking that drastic inspection laws be enacted by the
state legislature.

Coroner Smith's action is an aftermath of the horrible
explosion last Monday of a
threshing machine boiler on the
W. R. Donovan farm, one mile
north of Cairo, and the killing of
four persons and the injury to a
fifth.

Licensing of operators of
threshing machine boilers and
other boilers of 30 horse power
or less is proposed by Coroner
Smith in connection with enact-
ment of legislation serving to
safeguard the lives and property
of farmers.

BOILER DEFECTIVE
Defective boiler caused the fa-
talities on the Donovan farm after
the threshing machine had been
out of commission for two years,
it was reported after the autopsy
and investigation, which revealed
that the front end of the boiler
exposed with such force that the
victim was hurled many feet into
the air and was almost instantly
killed.

The letter of Coroner Smith
forwarded Saturday to the state
executive, is as follows:
Hon. Vic Donahey,
Governor of Ohio,
Columbus.

My Dear Governor:
You have no doubt noted the
daily press accounts of the horrible
accident that occurred near the
village of Cairo in this county on
July 28th. A threshing machine
engine exploded doing consid-
erable property damage and killing
four men. All of these men were
prominent and valuable citizens,
three of them leaving widows and
fatherless children.

LAWYER LAX
I have been advised that the
laws of Ohio do not provide for
the inspection of steam boilers of
this class and others of thirty
horse power and less or the ex-
amination or licensure of the op-
erators thereof.

The highest duty and privilege
of the State is the protection of its
citizens in the course of their
daily life.

It is most certainly the duty of
the Legislature to enact such law
as may be necessary to protect
the lives not only of those op-
erating boilers which are now not
required to be inspected, but the
lives and property of others as well.

Therefore, I most respectfully
recommend to your attention this
grave deficiency in our law, and
feel that you will be glad to sug-
gest and lend your aid to the end
that there is placed upon the
statute books of Ohio a law which
will amend Section 1047 of the
General Code and related sections
so as to properly safeguard the
lives and property of the people.

RECOMMENDATIONS
Inasmuch as it is a measure
for the protection and benefit of
the general public, I believe the
expenses of all boiler inspections
should not be collected from the
individual, firm or corporation
owning the same, but should be
borne by the people by general
taxation.

Sincerely yours,
FRANK SMITH,
Coroner of Allen Co.

It has been brought to the at-
tention of Coroner Smith that
one of the boilers in a county
owned and operated institution
may not be in perfect condition
due to failure to properly inspect
water gauges. Immediate inves-
tigation of the report is to be
made, Smith said.

Need for the inspection and
testing of all steam and water
gauges has been pointed out to
Coroner Smith as the boiler may
be capable of withstanding a cer-
tain pressure but if the gauges
are at fault too high a pressure
would result and an explosion be
caused.

Hearty support has been given
Coroner Smith in his fight to
bring about the enactment of in-
spection laws and a state-wide
movement is underway at the
present time that may force the
legislature to take the necessary
action, it is said.

SIKI DEFEATED
WOONSOCKET, R. I.—Batting
Siki was easily defeated on point
in a ten round bout here today
with Jack Lynch of Arizona.
Lynch captured nearly every
round. Siki's only display of
strength was in the seventh
round when he landed a powerful
blow with his right.

MAN TAKES POISON IN HOME HERE

Carl Downhauer Attempts
To Kill Self
Saturday

MOUTH BURNED

Act Is Committed In
Presence of His
Young Wife

Carl Downhauer, 28, former
taxi driver, was in Lima City
hospital Saturday night—the vic-
tim of a dose of carbolic acid
taken with alleged suicidal intent
at his home in the presence of his
wife.

Hospital authorities report his
condition is not serious, severe
burns to his mouth and lips con-
stituting the after effects of the
acid of deadly poison.

Cause for Downhauer's alleged
attempt to end his life is unex-
plained. He was sitting at his
home, 624 N. Jefferson-st., talk-
ing with his wife at 7 p. m. Saturday,
seemingly in the best of humor.
Without warning he placed a vial
of carbolic acid to his lips, drank
the bottle and then spit the
poison to the floor, police were
told.

AMBULANCE DELAYED
Mrs. Downhauer alarmed over
the act called an ambulance and
Williams and Davis responded.
Enroute they were held up for 20
minutes at Jackson-st. crossing of
the Pennsylvania railway. It is
reported, and during the delay a
second call was entered by Mrs.
Downhauer.

At Lima City hospital an-
ouncement was made that none
of the acid had been swallowed
by the man. His condition is re-
ported not serious, by hospital at-
taches who predict he will be dis-
charged from the hospital in the
near future.

ORGAN FIRM TO GET ORDER

Eastern Theatre Syndicate
Visits Local Plant

Orders aggregating more than
\$100,000 are expected to accrue
to the Page Organ Co. following
the visit here of Frederick H. El-
liott, New York motion picture
executive, and associates during
the past week.

Elliot, who was accompanied
here by Charles E. Lewis, sec-
retary assistant to A. H. Schwartz,
metropolitan theatre operator,
and Albert R. Weidman, chief or-
ganist for the Schwartz string of
theatres, made the announcement
that the local company will prob-
ably be given the contract for the
organs needed by the organiza-
tion.

Prediction that orchestral or-
gans such as are manufactured
by the Page company will re-
place small theatres in motion
picture theatres was made by El-
liott who was the organizer of
the National Association of the
Motion Picture Industry and its
secretary, until the hiring of Will
Hayes and is now with the In-
dependent Producers and Distrib-
utors, an organization which he
effected.

EMPLOYEES WIN FIGHT AGAINST WAGE CUT

ATLANTIC CITY—The present
wage scale in the glass blowers
industry will be continued with-
out change, beginning September 1,
the Glass Blowers Association of
the United States announced Sat-
urday night at the close of their
annual conference with the glass
manufacturers. The manufactur-
ers had endeavored to effect a five
cents an hour reduction in the
automatic machine department
but the employees finally won a
continuance of the present scale.

WEATHER

WASHINGTON—Weather
outlook for the week be-
ginning Monday:
Ohio Valley and Region
of Great Lakes—Showers at
beginning and again latter
part, temperature about
normal.

"FRIENDLY JUDGE"

JUDGE JOHN R. CAVERLY

Caverly Sends Five To Gallows In Three Years

This Is "Friendly Judge"
Drawn In Leopold and
Loeb Case

CHICAGO—(Special)—Out of
12 death verdicts returned and
sentences pronounced in the crim-
inal court here in the last three
years, five have been before Judge
John R. Caverly.

This record may or may not be
significant as the world waits for
Judge Caverly to give his verdict
in the case of Richard A. Loeb and
Nathan F. Leopold Jr., confessed
slayers of Robert Franks. But it is
at least something to think about.
This is the sort of "friendly judge"
the defense drew.

Out of the half dozen judges in
the criminal court, Judge Caverly
has uttered the fatal formula of
the extreme sentence more than
twice as often as any other. Under
the Illinois law, the jury fixes the
penalty in returning its verdict,
but by coincidence or otherwise,
Judge Caverly's court have
tended toward hanging.

In 1922 he pronounced the only
death sentence imposed. In 1923
he sentenced two of the nine men
condemned. This year he has al-
ready sentenced two, the only
death verdicts returned.

Back in his old days in munici-
pal court, Judge Caverly was
known for his rigid impartiality
and severe sentences. "Fifty dol-
lars and costs" was a tag phrase
with him.

The judge was born in England
in 1861. His was no pampered
childhood. He worked for what he
received and was not graduated
from night law school until he was
35 years old. He has been in pub-
lic office almost continuously
since then, as assistant city attor-
ney, city attorney, police magis-
trate and judge.

BROKER IS SUED

Alienation of Wife's Love
Charged by Cleveland Man

CLEVELAND—(By Associated
Press)—A \$50,000 suit for aliena-
tion of his wife's affections was
filed in common pleas court by
Harry J. Anis, a Shaker Heights
fireman, against William A.
Pinter, a real estate broker, Sat-
urday, just five days after Anis'
wife, Anna, died in a hospital of
poison she took when he asked
for divorce July 18.

Anis claimed his wife, whom
he married here June 10, 1922,
frequently received Pinter at
their home during his absence.

YANKS LAUDED IN DEBT PARLEY

Play Big Part In Reparations
Settlement

LONDON—(By Associated
Press)—A new era in allied
diplomacy dawned Saturday
when the interallied conference
with the United States officially
represented by Ambassador Kel-
logg, reached a full agreement
on the program for making the
Dawes reparation plan effective.
After 18 days, and a good part
of many nights spent at the Brit-
ish office in Downing-st., the
parley has terminated success-
fully so far as their interallied
aspect is concerned. The con-
ference now becomes an inter-
national one.

With the arrival of German
representatives in response to
the invitation dispatched Satur-
day afternoon by Premier Mac-
Donald, the interallied formula
for launching the new scheme to
obtain war compensation from
Germany will be reviewed, and
the Berlin emissaries will be
asked to agree to it. Final ad-
justment is expected the end of
next week.

The delegates characterized
the negotiations as the most suc-
cessful of all the European con-
ferences held since the great
war, and many of them expressed
appreciation of the assistance of
the American delegation and ad-
visers.

"The conference has been a
wonderful success, so far," said
Ambassador Kellogg to The As-
sociated Press. "It has taken a
good deal of time, but there was
a vast amount of ground to be
covered. Every one was deter-
mined to accomplish the task,
and I think we have done it. The
program we have adopted is the
one we will take up with the
Germans next week."

Kellogg paid tribute to the
valuable work done by James A.
Logan Jr. and other American
experts. He also praised the
helpfulness of Owen D. Young,
who in his unofficial position as
one of the Dawes combination
planned his knowledge of the
scheme before the conference
whether he was called upon.

The conference was unanimous
on the recommendations submitted
to it by the committee studying
the question of Germany's possible
default under the Dawes plan and
the sanctions to be applied. The
reparation commission which con-
stitutes the first judge of Ger-
many's faith, is enlarged by the
appointment of an American citi-
zen to be named by the reparation
commission, if it can reach an
unanimous vote, otherwise he will
be named by the president of the
Hague court.

CURIOUSITY KILLS BOY
ASHLAND, Ky.—Setting off
gunpowder to "see if it would
burn" cost the life Saturday of
Woodrow Moreland, 7, son of J. F.
Moreland. The boy had seen his
father using powder in drilling
and out of curiosity placed a hand-
ful of the powder in his coat
pocket, slipped behind the house
and ignited it with a match.

MURDER EXPLANATION IS RIDICULED BY PROSECUTOR

AUTO THIEF IS CONSIDERATE

BELLEFONTAINE—(By
Associated Press)—A thief
who stole the automobile of
George Sloan, of Belle Fon-
taine, ten days ago, is consid-
erate. "You will find your
car in McCoy's garage at
Peabody, Ind., thanks," was
the wording of telegram re-
ceived Saturday by Sloan,
who called the garage and
upon confirming the infor-
mation left at once to bring
it back.

Original Report on Men-
tality Of Leopold and
Loeb Refused

SOUGHT BY STATE

Prosecutor and Alienist In
Sharp Clash During
Examination

CHICAGO—(By Associated
Press)—The prosecution Sat-
urday ridiculed the "childish phan-
tasy" theory built up by the de-
fense thru examination of its first
alienist, Dr. William A. White, of
Washington, D. C., as the ex-
planation for the kidnapping and slay-
ing of Robert Franks by Nathan
Leopold Jr. and Richard Loeb.
The youthful "intel-
lectual giants" had bewitched
the distinguished psychiatrist and
finally attacked the credibility of
the eminent specialist.

The defense stubbornly resist-
ed the effort by Robert E. Crowe,
state's attorney, to have produced
the original report made to it by
Dr. White. The superintendent
of the federal hospital for the in-
sane sat on the witness stand
flushed and apparently agitated
at Crowe's remarks to Judge
John R. Caverly that he wished
to show that the witness first
had concluded the boys were in-
sane and then, for his fee of \$850
a day, had sworn they were only
"mentally sick." At the end of
the short court session the record
showed Crowe as satisfied to let
refusal of the report speak for it-
self.

THEORY ATTACKED
Crowe, in attacking the "child-
ish phantasy" theory, brought
from Dr. White an "I don't
know," when he was asked
if the admittedly high intellects
of the youthful defendants at any
time could have stopped the
planning of the crime which, the
alienist testified, originated
in their emotions.

Hitting at the possibility that
"Babe" and "Dickie" had fooled
the doctor, Crowe asked if he had
believed all that the boys had
told him despite their known pro-
pensity for falsehood. The wit-
ness replied that he had not be-
lieved all of Loeb's "foolishness,"
but he thought Leopold "had
been frank."

The truths, "Intellectually
know that murder was proscribed
by law," the doctor testified, but
"had no moral attitude to give
them the feeling they were doing
wrong," but Crowe forced the ad-
mission that it is trying to protect
the names of their friends and in
Loeb's trying to keep secret, for
the protection of his father, an
admission that he and Leopold
had planned to kill the grandson
of his father's business associate,
Julius Rosenberg, the youths had
been actuated by a concern "not
possible in a child of five."

FAMILY STARTLED
Again Crowe asked:
"You have called Loeb a child
of five emotionally. How do you
account for the fact that for a
part of this time he could lay
and this characteristic, pursue
his university studies and ap-
pear so normal to everybody that
even his immediate family was startled
when this crime was fastened on
him? Will you explain how such
an emotional infantile character
could be so normal in all his hu-
man contact?"

"Unfortunately that is common
experience with people of this
type," replied Dr. White. "These
undeveloped emotional young-
sters entered the education of
teachers and parents because of
their childlike characteristics,
which attracted love. The very
nickname 'Dickie' would indicate
the attitude which his parents
had for him, that he was a lov-
able youngster."

"That is the very characteris-
tic that blinds people to things
that are going on beneath the
surface and are not visible to
the untrained eye. We are deal-
ing with that kind of situation
all the time, and are trying to
show people how to look for dan-
ger signals underneath, rather
than be misled by what appears
to be a smooth and untroubled
surface."

POWER TO CHOOSE
Dr. White was asked if Loeb,
who appeared normal to his uni-
versity teachers and fellow stu-
dents throughout the months in
which he and Leopold had
planned their joint crime, had
the power to choose whether to
carry out that plan. Crowe
wanted a "yes" or "no" answer
to this, but failed to get it,
the witness replying:

"Well, he did not avoid doing
it and whether he could have
avoided it is a question for the
jury to decide."

**WOMAN HELD ON CHARGE
OF DESERTING HER BABY**
CLEVELAND—A woman was
returned to the stage, was the ex-
planation given, police say, by
Mrs. Dorothy Esper, 36, arrested
Saturday night on a warrant
charging her with deserting her
five months old baby boy.

Police say she left the child
with her mother June 28. The
mother complained to the Hu-
mane Society and one of its
agents swore out the warrant.
Trace of Mrs. Esper was found
thru a post card which she is said
to have mailed to her mother. The
card said the daughter had been
kidnaped and asked for \$50 ran-
som.

Mrs. Esper asserted she had
been kidnaped and taken to Dep-
ot by a man, according to police.

(Continued on Page Two)

MAY OPEN NEW G. O. P. CAMP

Headquarters in Northwest Urged by Many Leaders

CONFERENCES TO BE HELD

Coolidge and Butler to Map Out Plans

WASHINGTON — (By Associated Press) — Intensified effort during the week had brought near to completion Saturday night the address President Coolidge is preparing for delivery here August 14, in accepting the Republican presidential nomination and inaugurating the Republican national campaign.

The Republican nominee has worked as assiduously on the speech this week as his official duties would permit, and Saturday forenoon he was back and forth down the Potomac in order to spend an entire afternoon on the task.

Several portions of the address remain to be drafted, but for the most part it is in such shape as to need the usual polishing of that public speakers like to give to prepared addresses. Mr. Coolidge wants to have it entirely completed by the middle of the coming week when William H. Butler, chairman of the Republican national committee, arrives here for conferences and to take charge of final arrangements for the office on ceremonies.

NEW HEADQUARTERS

Among the subjects to be considered by Butler at his conferences here with Mr. Coolidge is the proposal advanced by a number of Republican leaders, notably Senator Curtis, of Kansas, that an additional headquarters be established in Minneapolis or some other city in the northwest from which a concentrated campaign in that section would be conducted. This section is looked upon by both Republican and Democratic leaders as the stronghold of Senator LaFollette, the independent presidential candidate and Senator Curtis has advised Republican campaign managers that he has reason to believe every one of the northwestern states except possibly Wisconsin and North Dakota, could be carried by the Republicans if the proper sort of campaign were conducted.

Charles B. Warren, retiring ambassador to Mexico, who is a guest at the White House, said that he expected to take an active part in the campaign, but did not disclose what form his participation would take. He is being consulted at present by Mr. Coolidge in his preparation of his nomination speech.

WAIT: WAIT! WESTWOOD LOT SALE

FORMER DRY LEADER NOW TRUSTY PRISONER

OSKING, N. Y. — William H. Anderson, former state superintendent of the Anti-Saloon League, now serving a year's sentence in Sing Sing for third degree forgery, has been made a trusty prisoner. This change allows the former dry leader the privilege of occupying one of the comfortable and attractive cells in the new dormitory overlooking the old prison. He now spends only thirty-six hours a week behind prison walls and that is when he teaches school in the old prison.

LIMA MAN LOW ON BRIDGE

Tenders Received on Elida Job — Innovation Planned

Lima contractors submitted the five lowest bids for the construction of the Elida bridge, at the letting held by the state highway department at Columbus Friday.

Earl R. Reeb, Lima, who built a portion of the Dixie highway north of the city two years ago, was low bidder, and may be awarded the contract. His bid was \$52,645.79. Bids next in order are Roberts Supply Co., \$56,823.29; Green & Sawyer, \$57,241.50; Herb Cross, \$58,734.54; Lima Construction Co., \$59,044.07.

Seven other bidders from other cities also submitted prices, the lowest being entered by the Boldt Construction Co. of Cleveland, \$60,078.18.

Reeb's price is \$18,487.71 under the estimate of \$70,133.50. The contract must be completed by December 31. Ample time remains this season for completing the work, according to Charles Ash, resident engineer, who drew the plans for the bridge. An innovation in paving in Allen-co is specified for paving the approaches. The specifications call for reinforced concrete, Illinois type. The paving, according to tests made by the highway department in the Prairie state, withstands the most severe tests.

Leveling and smoothing machinery, which must be used according to state highway requirements in laying concrete pavement assures an absolutely even surface.

The bridge, a three arch concrete structure, will be erected on the Harding highway west of the village of Elida, and will replace an old iron girder type bridge that has been pronounced unsafe by the county commissioners.

DIES OF INJURIES

BELLAIRE — Frank Rudolph, 30, died here Saturday from injuries received July 16, when he was caught in the knives of a mowing machine. Death came as blood transfusion was being made in an effort to save his life.

BRAWL ENDS IN DIVORCE SUIT

William Johnson, Restaurant Owner, Files Action

Sequel to a family brawl in a negro cafe at 317 N. Central-av. in which a policeman acting as peacemaker narrowly escaped with his life, was unfolded in common pleas court Saturday when William Johnson, colored, filed suit for divorce from Angeline Johnson.

Johnson charges that his wife is quarrelsome and she failed to cooperate with him in his home and place of business.

Her disposition drove trade away, he says, customers seeking more pleasant surroundings in which to consume their meals. On July 29, Mrs. Johnson, is charged with threatening the life of the plaintiff, and then taking a few shots at his retreating figure with a revolver.

Johnson returned Thursday under guard of Virgo Cook, policeman, to get his clothing. The defendant shot hold of the officer's revolver. She jammed the weapon into his midriff, but did not fire. Cook floored her and recovered his gun.

FORD WILL IS PROBATED

Estate Valued at \$11,937 Is Placed in Wife's Care

Mrs. Maria Ford, and daughter Mary Jane Ford, of 715 N. Metcalf-st. are the sole beneficiaries under the will of the late James M. Ford, bottler who died July 19. The will was probated Saturday before Judge J. H. Hamilton.

Value of the estate is estimated, according to documents, at \$11,937. Mrs. Ford will act as executrix of the estate. Bulk of the estate will go to Mrs. Ford during her life unless she remarries, the will provides. In the event of remarriage, \$10,000 must be set aside for the daughter. In the event of remarriage of the wife after the daughter attains her majority, \$5,000 will be turned over to the daughter and the remainder held in trust until she is 30 years old. In the event the wife does not remarry, the property will go to the daughter at death.

WILL NOT ATTEND

COVINGTON, Ky. — President Coolidge will not be able to attend the Kentucky Exposition of Commerce to be conducted in Covington September 27 to October 11, was the response made by Secretary Slem in a letter received Saturday. The president had been invited to officially open the exposition.

STONE LURES VISITORS AFTER WAR SECLUSION

BLARNEY, Ireland — Scores of Americans are now being lured daily by the bells over the parapet of the castle to kiss the Blarney stone.

Tourist traffic is again on an organized basis for the first time since the opening of the great war, and southern Ireland is much cheered by the arrival of visitors on every ship from America.

Early in June steamers in the trans-Atlantic passenger traffic resumed stops at Queenstown, which is no longer Queenstown. That name was given to it after a visit of Queen Victoria, and with the revival of Irish independence the old Gaelic name of Cobh has been resumed by the Irish.

SAVING OF WATER DURING JUNE

Lima Consumes Five Million Gallons of Water in Day

Total savings of 17,474,000 gallons of water last month over July of 1923 is reported in the water-works pumping record compiled by George L. Kirk, chief engineer. Lima used 131,983,000 gallons of water last month in comparison to 149,457,000 consumed one year ago in the same month of days. Daily average of nearly 4,500,000 gallons of water were pumped by the low service pump in comparison with a daily average of 4,472,000 pumped by the high service. On the days when the temperature reached a maximum during July a record of 5,235,000 gallons of water were consumed. Exclusive of the municipal consumption an average of 235,000 gallons of water go toward cleaning the filters, totaling 6,670,000 gallons during the month.

NEWSPAPER ARCHIVE

2 ARE ENROLLED IN CONTEST

Allen-co Farmers Will Try to Join "Ton Litter" Club

Out for membership in the Ohio Ton-Litter Club of 1924, 91 farmers in 34 counties will try to raise 125 litters of ton of pork in six months, according to figures sent to County Farm Agent H. J. Allen by the Agricultural Extension Service of Ohio State University. Allen-Co's two entrants, John Holloway in Spencer-up, Harrison Bassett of Bath-up, after having two litters entered in the contest last year, this year, they nominated two more as possible future ton-litters. The contest is to be held at the end of the month, however. The 34 counties who raised their ton of pork last year were: Adams, Allen, Ashtabula, Belmont, Cuyahoga, Franklin, Fulton, Geauga, Hamilton, Huron, Licking, Lorain, Madison, Mahoning, Marion, Miami, Monroe, Morgan, Muskingum, Noble, Pickaway, Putnam, Ross, Scioto, Seneca, Shelby, Stark, Tipton, Warren, Wayne, and Wood.

SOME PIRATES STILL LIVE IN NEW ORLEANS, SAYS CRESSY

BY WILL CRESSY
New Orleans was originally a Pirate's Retreat. Some of them have not retreated yet. They run Curio and Antique Stores over in the French Quarter, where they give a better price to customers. The 14 Grand Rapids Antique Furniture, Pottstown (Pa.) Antique Pewters, Hackensack (N. J.) Antique Pottery and Live Alligators, the only native products in the stores. The city was first laid out, with a row boat, in 1718 by Jean Baptiste Le Moyne and named for Le Duc de Orleans. In 1726 France sold it to Spain. In 1806 Spain sold it to France. In 1808 France sold it to the United States. It was a fine sell. In 1815 a Sir Edward Pakenham came over from England with 7000 picked English troops and decided to capture New Orleans and stay there a while. General Andrew Jackson, with a couple of thousand American backwoodsmen, piled up a lot of cotton bales and welcomed them to the city. Twenty-five hundred of them, including Sir Edward, are there yet. American losses, eight killed and 13 wounded. HURRAY!

Players. In the summer it isn't the finest residential parts of New Orleans are its cemeteries. There are no graves in N. O. You are either fled away for future reference in a set of stone letter boxes, or in a little stone play-house built on top of the ground. The city's greatest annual event is its Mardi Gras; when, for a week, its people, and the tourists, go around the streets masked and throwing waste paper at each other. They also have beautiful parades of floats. But what good are floats when you cannot get the proper material to float with?

shipping point in the world for cotton, rice, sugar and tobacco. I do not know much about the cotton, rice and sugar, but I thoroughly approve of shipping the tobacco away. There are six railroads running into—and out of—New Orleans when it does not rain too hard. And THAT helps. CONSTANTINOPLE — Major Petro Zanni, an Argentine aviator attempting and eastward flight around the world, took off from Bunder Abbas today, for Karachi, India.

STARK-CO OWES THE CITY OF CANTON \$7,000
COLUMBUS — Stark-co owes the city of Canton approximately \$7,000, more than half of which represents fines under the state prohibition laws, State Examiner H. D. Deffenbacher's report filed today in the state bureau of accounting shows. In his examination of city offices, the examiner made total findings for recovery aggregating \$9,248.45 and found

illegal payments totaling \$9,312.17. The county's debt to the city for Crabbe act fines was \$3,880.35 and for costs in state cases \$3,033.25. A finding for \$684.75 against the Stark County Law Library association and in favor of the city also was made. Findings other than these were for small amounts against sundry persons, corporations and governmental departments. The illegal payments represented money paid on accounts in excess of \$500 for which no contract by competitive bidding had been let.

Proposed Telephone Rates

As was announced yesterday, The Lima Telephone & Telegraph Company asking for an increase in rates in a schedule filed with The Public Utilities Commission sufficient only to meet the increased operating expenses that have been piling up over a period of years, herewith submits a digest of the proposed rates:

PROPOSED RATES

(All quotations not per month)

Individual Lines (Business)	\$8.00	(Residence) \$3.50
Two Party Lines (Business)	6.50	(Residence) 3.00
Four Party Lines		(Residence) 2.50
Rural Ten Party Lines (Business) ..	3.75	

These rates, petitioned to become effective September 1, 1924, are based on records of the company, which will be submitted to the Commission and which show conclusively that the company is now confronted with the condition of not earning a fair return on invested capital. It is the purpose of the company to submit all facts to the public in this matter in order that the people of Lima may know exactly why this schedule of rates is imperative if the city is to have the unexcelled service in the future that has been furnished in the past.

We ask you to consider carefully the fact that Lima, one of the 37 larger cities of Ohio, ranks 11th in population, 9th in number of telephones, 19th in average business rate and 36th in average residence rate.

TELEPHONE RATES HAVE ALWAYS BEEN LOW IN LIMA. WHEN THE ABOVE SCHEDULE BECOMES EFFECTIVE, RATES WILL STILL BE LOW. THE TELEPHONE NOW IS AND ALWAYS WILL BE A GREAT PUBLIC CONVENIENCE AND NECESSITY.

THE LIMA TELEPHONE & TELEGRAPH CO.

Business Conditions

Decided evidence of improvement in business the country over was registered by trade reviews of the week.

Led by the stock, bond and commodity markets, which went to new highs, a more optimistic hue is apparent in all centers of trade. Steel, automobile, railroad and specialties are on the upgrade. Sales in July to farmers show a big increase, reflecting the better power of agriculturalists, which has been depressed for four years. Bankers of the Midwest expect farmers to pay off paper which has been hanging close behind deflation following the war.

Naturally, advances in farm products, is being brought home to the consumer. Bread is up in Ohio from one to three cents a loaf, in various communities. Pork higher, in sympathy with Chicago livestock quotations. More activity in steel, copper, textiles and leathers was noted in July. Automobile factories are bringing back into full production.

Week-end mercantile reviews were cheerful. Buyers realize that the end has come for bargain counters, and that since June, prices are rising, not declining. They are over the wall, and are back into the retail houses for purchases. Building, despite big reported slump, shows a gain for July.

Locally, Lima has weathered the slump far better than most Ohio cities. Banks have been able to take care of all their customers, and Building & Loans are past the house financial period. Our industries have maintained fair personnel, and the middle of August should see them bustled at replacements on the pay-roll. An immense amount of work is still under way in both local building circles and for municipal account.

Everything points to an active fall trade, with good employment and merchandise and foods at higher prices. Items are normal in Lima, but real estate is very dull.

Political Bunk

Starting something, and getting away with it, are two separate and distinct propositions.

Observers on the sidelines are becoming pretty well impressed with the belief that a great per cent of the so-called "disclosures of scandal" in political affairs at Columbus are political bunk, pure and simple.

A case in point grows out of an attack made by the Republican state committee on John E. Harper, welfare director, who authorized the purchase of a brick plant at Roseville, designed to be made a place of employment for 200 penitentiary prisoners. It was charged by the Republican organization that the plant was offered a year ago at \$18,000, and there were hints of graft.

Despite the fact that Harper declares Attorney General Crabbe approved the purchase before the deed was ordered, the attorney general joined in the hue and cry raised by the political enemies of the state administration, with Auditor of State J. T. Tracy, and closing the deal was enjoined by the court.

Then Attorney General Crabbe visited the brick plant, probably more in the interest of "getting something on" the Donahay administration politically, than in the interest of saving money. He reported that the plant was in a tumble-down state, but a Columbus newspaper sent a photographer to Roseville and secured pictures which show it is far from being dilapidated.

Harper defends his action and defies his detractors to prove their assertions, declaring that by the expenditure of an additional \$10,000 the plant can be placed in shape to turn out 20,000

bricks a day, and save the state thousands of dollars a year, in addition to assisting in reducing the number of men in the idle house at the penitentiary. In reply to the Republican organization and state officials representative of that party, Democratic state officials assert that aid and comfort is being given by the "brick interest" to the Republican organization in attempting to make political capital out of a legitimate business transaction.

Are You A Slacker?

A state-wide primary will be held in Ohio on August 12, only a little more than a week distant. At that time candidates for all state and county offices as well as a number of special issues in various localities will be passed upon.

In the coming primary you have a distinct duty to perform. If you are a good American citizen you will vote in the primary, helping to choose candidates to administer affairs for the next few years. If you are a slacker, you will sit idly by while the minority makes the selection and the chances are, you will grumble about it afterward.

If you fail to vote in the primary one week from next Tuesday, you are as much a slacker so far as your government is concerned as if you fell short in some emergency when your government needed your assistance and resources.

The Ohio primary has been a joke. The majority does not vote and our candidates are chosen by the few who take the trouble to go to the polls. The taxpayers fail to give themselves a square deal every time such a primary is held for they fail to rectify governmental errors at the polls, the proper place to get relief.

You hear a great deal today about high taxes. In most cases where objections are heard, those doing the most kicking failed to help nominate and elect the officials who handle our public business.

Allen should have a record vote in this primary.

Canine Faithfulness

Only a few lines were required in the newspaper columns a few days ago to tell the story of how an Alameda dog, formerly owned by a Portsmouth, Ohio, man, was sold two years ago in California, while its owner was visiting in Los Angeles, and how the canine appeared during the present week at its former home in this state, dirty, emaciated and covered with cockle burrs.

The news writers did add another paragraph, telling how, after a joyous demonstration at the sight of his old master, the dog fell asleep and slept 24 hours. It need not be related that the dog's old home at Portsmouth will now be permanent, for the reason that the man who sold his "best friend" would not part with the animal for any sum of money, however large.

Thousands of miles across the country this canine traveled, alone. How it subsisted during the weeks required for the long and tiresome journey, and how it found its way across the continent to its former home, could only be told by the dog. And since it cannot explain, its pleasure over again being "back home," is manifest by the fact that it did make the trip thru love and loyalty.

What wonder is it then, that many men, living of the world and its frailties and the inconsistency of human friends, bestow their love and affection on canine partners? They know that a dog's love never dies so long as life remains.

"Be kind to dumb animals" should be a sort of religion with everyone.

WHEN MA'S AWAY

LIMA NEWS HEALTH SERVICE

By DR. WILLIAM BRADY

FAT FOLKS SHOULD BATHE

I find it necessary at this juncture to state a lot of titles on the question of bathing. Fat folks should bathe at least twice a day, even the perfectly clean. Yes, verily, three or four times a day if they mean to grow lean. This is not an endorsement of soap; we have an overstock of soap at our house. Abandon soap all you who entertain this notion of washing away the too solid flesh. It's bad enough for the poor skin to put water on it so often.

While I am revising or underlining my teachings, and it suddenly occurs to me to discover that I am beginning to see how very radical some of my teachings have been—permit me to withdraw the facetious, impatient or sarcastic remarks I have uttered in regard to the use of soap. For the purpose of reduction, and to say about that favorite diversion of the obese that the bath will reduce just as much with salts as without. Last this somewhat cryptic, the idea I want to convey is that one is not likely to reduce appreciably by taking epsom salt baths unless one uses at least 200 pounds of salt for each bath and carries it in 50 pound hauls from the cellar, or unless one leaves epsom salt on the shelf and puts a good dash of pep in the bath.

If there is one way for the obese to become more so it is by dawdling, lingering, dozing or soaking in a warm or "hot" bath of any kind. If you're fat or fear becoming so it is far better to take no wet wash at all than to pamper your slacker flesh with a hot bath.

If you bathe at all in water, my fat friends—and fat people are certainly a doctor's good friends—make it snappy. First, be sure the water isn't comfortably warm. It should be so cold that your flesh fairly cringes at the approach of the dreadful ordeal and you have to whip yourself into the water. If this essential is properly attended to the other will take care of itself. The other essential is that the exposure be brief, the colder the water the shorter the bath. Even for obese persons past middle age this cold bathing is advisable, provided their arteries are not hardened.

Once more I condemn the common bath tub as an unnecessary utensil, tho I can't prove it. In sanitary, and recommend instead the shower as the only kind of body washing equipment which should be installed in a modern home. Anything in the shower line from the sprinkling pot and a rubber mat to the most luxurious product of the plumber's art will serve the purpose. Live people ought to stand up and wash themselves. Sick people often need to be bathed lying down or sitting. No sane person wants to lie down for a cold bath; one just naturally likes to keep busy while undergoing the torture. I am thinking only about ordinary well people now. For invalids warm or hot baths are of great value in many cases. But we do not build our homes to provide facilities for the treatment of invalids, as a rule.

How cold should the daily two or four showers be for the obese? No matter. The colder the better, provided the reaction follows. If there is any feeling of chilliness or appearance of blueness or sense of depression following a cold bath it is harmful in any circumstances. The idea of cold baths for the obese is that such baths do or should stimulate and increase metabolism.

JUST FOLKS

BY EDGAR A. GUEST

THE QUIET PLACE
Never a hanging door to hear,
Never a sudden shriek or fear,
Never an eye with a glistering tear

Or a smuggy face to see;
Never a noise when you want to dream,
Never a shout and never a scream!
Such quiet as that might lovely seem,
But it wouldn't be home to me.

"Never," says mother, "a shirt to mend
Never a terrible fight to end
And no one your pennies to want to spend,

What a restful spot 'twould be!
Never a hunt that a kid will lead,
Never a battle for cart or wheel;
Oh, that might be nice, but I somehow feel
That it wouldn't be home to me!"

Never a shout from the city street
And the noisy patter of running feet,
And the cry: "Hey! what can we have to eat?"

And never a cookie spree;
Never the racket that children make,
The toll they cause and the things they break,
Just two old folks in the house!
Land's sake,
That wouldn't be home to me!

So think of this when they start their noise
And clamor for cookies and break their toys;
Wherever you find little girls and boys
They'll argue and disagree;
They'll keep you jumping the live-long day,
But still if you hadn't them there to play
And your house were still as a tomb—you'd say:
"Oh, it wouldn't be home to me."

'ROUND LIMA' HOUR BY HOUR

By OH, OH, JACKENRIM

A Page from the Diary of An Antiquated Reporter:—Up and to my chores. 'Tis being the day of heavy mizzle, avoided the poets.

ABE MARTIN

The banquet at Melodeon Hall, last night, was a highly enjoyable affair. The speaker of the evening, Mr. J. E. Martin, was a most interesting and entertaining speaker. He spoke of his own life and the life of the country, and of the world war which has been going on since 1914.

and direct to the shops, and at my scrivener. Thinking, however, that if a golf ball contained blood, what a trail Ginty would have around the course.

Out to see many of the ultra-fashionable shopping a bit. There was Mary Jane and Pauline, sterner, charming daughters of the famous surgeon. And also of the pioneer house of Folsom. To my barber's, and there saw Ben Rosenbaum, the furniture prince. According to police records, this town is suffering from the personal touch. Albert only the professional side is reported. Dr. Copeland says overeating has caused more sickness and death than alcoholic liquors. Try to tell that to a Ladies' Aid society, and expect to get away with it. Wonder who and what Peggy Joyce will next try. See Julius Fleischman, the vitamin, is free again.

Primary election only a week away, and no discourse on the paves. Not a cigar has come to this office and the only platform we've seen is Hugh Hatter's no-alcoholic plank, and Earl Ludwig's dryer than that.

If Henry Ford's men Friday jumps that hospital site, good-by. There is enough fun to build an automobile wagon. Or start a

six-cylinder model in the Kingdom of Lazeb. There's Franklin D. Roosevelt, in a brave underdog necktie. And Walter Bonlands, the retired aviator. There are a few such.

Launched at the Lounge, albeit the chef using too much gas. Even the browned potatoes. And doesn't he know hard is advancing? Saw there many of import, including John K. Brice, the Elmsford student; Governor Walter Jackson and Harry Workman, the brass king.

Invited into a pasture hour by Walter Bradley, the big packer. Who treated me rough, the first ball, then came down to normal. Arriving at the banker's house were Billy Duffield, Clair Tolan and Henry Wenner.

Came a friend and wanted to know how to borrow money. Referred him to my last Cincinnati brokers, now under indictment. What has become of the efficiency experts of war times, and the chart fiends who sold on the index wave?

Dined, on my wife's cooking; then to a game of anagrams in which much discussion occurred. So, to the kitchen accounts, which find are all mixed up. And thus, into my cozy twin, blanketed this

OHIO NEAR TOP IN ACCIDENTS

Two Persons Are Killed Each Day By Railroads

FIGURES ARE APPALLING

Big Percentage of Deaths at Grade Crossings

WASHINGTON, D. C.—(Special)—More persons were killed in Ohio during the first quarter of 1934 as a result of train accidents than in any other state of the Union except Illinois and Pennsylvania, according to the Interstate Commerce Commission.

In the three months' period, 142 deaths occurred at the rate of about two deaths a day, with more than 500 persons injured each month.

In train and train service accidents, which cover wrecks, crossing casualties, etc., there were 142 deaths and 1,165 persons injured.

In 1933, 1,067 train accidents, there were seven deaths and 36 persons injured. In nearly every instance the victims of these casualties was a train worker.

The commission learns that 89 per cent of all casualties in Ohio happened at grade crossings, which is considered an unusually high record.

Of the total number of persons killed, 59 met their death at grade crossings, while 116 sustained injuries that did not terminate in death within 24 hours.

Forty-four of the deaths were due to accidents in which automobiles figured, while 98 injuries were assigned to the same cause.

For the entire country, according to the commission, the casualty report reads like the record of a battle.

A total of 1,453 persons lost their lives in three months, and 12,980 persons sustained injuries from which they survived at least a day.

Railroad employees suffered a total loss of 86 killed and 1,888 persons injured.

Trespassers were, the commission says, most numerous victims of the rails.

Moody Graduate

Miss Ida Frail, daughter of Mr. and Mrs. J. H. Frail, 1330 W. North-st., who graduated Friday from the Moody Institute in Chicago. Miss Frail, who is spending a month with her parents at this time, will leave September first for Nebraska, where she will be engaged in missionary work.

DIXIE ROUTE TO BE REPAIRED

State Approves Paving Gap Thru Town of Bluffton

Plans for paving approximately a quarter mile of the Dixie highway thru Bluffton were accepted by the state highway department at Columbus Friday. Charles Ash, state resident engineer, announced following his return from the state capitol Saturday.

The street forms part of inter-county highway No. 22, and is one of several short stretches on the Dixie highway that are unpaved.

Ash declared that the street will be ready for letting September 12. The county has been working to get the section paved for more than two years, but efforts have hitherto proved unsuccessful.

Total length of the proposed improvement is 1,235 feet. Federal aid will be obtained on the roadway according to Ash, as practically all of the Dixie highway in Allen-co received governmental aid.

While an 18-foot paving width is announced as the standard width allowed by the state highway department, the town of Bluffton or abutting property owners may obtain extra width by paying their extra cost.

Because the paving is inside the limits of the town and the Dixie is built of brick over a greater part of the distance between

SOCIETY

Mrs. Austin Smith of Middletown is the guest of her aunt, Mrs. Isaac Mottar, W. Spring-st. Mrs. Smith spent the winter and spring in Paris and since her return to this country has been at the Kirk Brice home on Long Island.

Miss Angela Sullivan, 8 Jameson-av., will return Sunday from a week's visit with friends in Columbus.

Miss Kathryn Codrity, W. Market-st., is visiting friends in New York City and Conestoga lake.

Members of the Pleasant Hour club enjoyed an all day meeting and picnic at Russell's Point, Thursday. Following luncheon, boating and games were the diversions.

Those who attended were Mrs. S. M. Taylor, Mrs. W. C. Arbuthnot, Mrs. W. C. Sato, Mrs. James Evers, Mrs. I. E. Ziegenbusch and Mrs. Edward Kelly.

Mrs. J. D. S. Neely, Mrs. John Cover and Mrs. P. M. Ireland will leave Thursday for a several weeks motor trip thru the East.

Miss Elizabeth Green, Garfield-av., will return Sunday from Columbus, after a several days' visit. Her cousin, Miss Amy Marshall, will accompany her here for a visit.

Miss Carrie Todd will leave Sunday for Chicago, where she will visit relatives for two weeks.

Mrs. H. M. Hinet and daughters, Betty, Virginia and Marjorie, W. High-st., have returned from a three weeks' motor trip.

Members of the Ladies' Aid society of the St. Paul's Lutheran church will meet at the church Wednesday afternoon at 2 o'clock.

Between Lima and Bluffton, the road may be built of that material.

Bids will also be taken on other types, however, including concrete.

Miss Frances Mally has issued invitations for a five o'clock tea to be given at her home, 1123 Hazel-av., Monday afternoon, complimenting Miss Genevieve Metzger of Canton and Miss Lucille Allworth of Chicago, who is the guest of Mrs. Sadie Kinsley, W. Spring-st.

Mrs. Peter Hulak will preside at an afternoon of bridge at the Shawnee Country club, Wednesday, complimenting her house-guests, Mrs. George Mitchell and Mrs. William Cason, both of Coshocton.

Mrs. Samuel Weinfeld and son, Adolph, Barbara Ann Court-av., W. Market-st., are enjoying a sojourn at Atlantic City.

MARDI GRAS TO BE ELABORATE

Expert Float Designer is to Supervise Parade

An expert Chicago designer will come to Lima and design the floats which are to be displayed in the Mardi Gras parade during the Main celebration to be held Monday, September 1, it was announced Saturday by R. B. Dunn, chairman of the publicity committee.

Final arrangements for the evening dancing have been made. Three bands will furnish the music, relieving each other continuously so that music will be continuous. Eight bands are now under contract for the festivities.

Advertising trips, during which Lima business men will advertise the affair thru coaches and in other ways, are being arranged for and great interest is already being manifested in nearby cities and towns. Railroads and traction companies are making arrangements to accommodate a record traffic on that day.

The finance committee is meeting with unusual success in its canvass for funds to defray the expense of the celebration.

All stores will be closed for the day and every feature of the celebration will be free to participants.

CHILDREN'S DAY

Moose Plan Annual Treat on Sunday, August 10

Children's Day exercises for all children in the city under the age of 12 years will be held on Sunday, August 10, by the Moose Lodge. Special attractions have been arranged to provide entertainment for all the kiddies.

Games and contests are on the program in addition to a band concert by the High school band and a baby carriage parade. Complete program is being arranged and will be announced later, according to members of the Moose lodge who are arranging to entertain several hundred children.

OHIO WOMAN QUITS BROADWAY FOR BUDD-ST

CINCINNATI—Mary Burk has quit Broadway for Budd-st. Tomorrow she will arrive in her Budd-st home here and she will again take up her clerical duties in a butter and egg store which she left when she departed for New York. In search of a guiltless automobile dealer who would interest himself in her idea of a cashless automobile.

Mary will not be attired in male clothing when she arrives home. Kindly people in New York had outfitted her with woman's apparel, and she boarded a Cincinnati bound train leaving behind only her lost vanity case. Mary's intention was purely theoretical but couldn't find a buyer. She had a hundred pages of descriptive matter on the contrivance but no concrete evidence to show that it would make an automobile run without gasoline.

PITCHERS' DUEL IN PROSPECT FOR GAME HERE TODAY

WAPAK IS COMING TO MEET HALLORAN'S 9

With Eli Main, former Lima pitching ace on the mound for Wapakoneta, and Harold Fish, Ohio State star, or Dave Wesbey, Lima ironman, available for mound duty, the game Sunday afternoon at Murphy-st park between Wapakoneta and Lima is expected to result in a pitchers' duel.

Victory for Lima means a further advance toward clinching the Ohio-Indiana league pennant in event Bryan loses. Lima is now resting in second place, one-half game behind the leaders. Should Bryan lose and Halloran's proteges annex a win over Wapakoneta, the locals will step into first place for the first time this season.

ANXIOUS FOR REVENGE

Main is anxious to take the measure of his former teammates and he has the backing of a strengthened Wapakoneta nine. Since he left the Lima club and has cast his lot with Wapakoneta, Main has won one game and lost one. A victory Sunday means a boosting of his local average.

Manager Halloran has been the odds favorite for the contest. Fish and Wesbey, who held down that position last Sunday in a creditable manner will be available for mound duty. Fish is anxious for a crack at Wapakoneta and it is possible that Halloran may start him.

Lima hopes that his seven victories against two defeats this season will be the final that has been leading the league in slugging and fielding. (Lima) the peppy Dayton Maxwell catcher, will be on the receiving end with Joe Egan, Bill Sykes, Cosello, Ebbel, Wilson and others to slug their way to victory.

MANY COMING

Several hundred Wapakoneta fans are coming to Lima Sunday in anticipation of seeing their team take the measure of Lima and drop them further down in the league standings. They have faith in the mound ability of Eli Main and are optimistic.

After the hard hitting victory pounded out last Sunday over Angola with Standish, the Angola pitching ace in the box, Manager Halloran steps right to the front and claims that it is Lima base Bryan the pitcher of the league will fly over Murphy at park.

"Form" Very Necessary In Golf

CINCINNATI — Are the efforts of golfers to perfect the "grip" and "stance" necessary or are they merely the outgrowth of tradition which has enveloped the game during its hundreds of years of existence?

So far as golfers are concerned the question is easily answered. Luthersmith golf methods are inevitably productive of bad golf, they believe. And they point to the perfect form of champions to substantiate their claims.

But some baseball players are inclined to take a different view. They point to the varied batting styles of some of baseball's leading sluggers and say that it is reasonable to believe that it should be possible to use natural style in hitting a golf ball as well as in lifting a baseball out of the park.

The question has been the subject of discussion among baseball players, but those who play both baseball and golf are found mainly to believe "form" necessary on the golf links.

In golf there is some variation in style. It is conceded, but the most successful golfers use similar grips and adopt a uniform stance.

In baseball, however, there are almost as many styles as there are batters.

Heinie Groh, third baseman for the New York Giants is cited as a consistent batter who uses an extremely eccentric style. He almost faces the pitcher and whistles away with his bottle shaped bat with a peculiar swing. On the other hand, Eddie Roush, Cincinnati outfielder and a noted slugger, uses what is regarded as almost perfect form. His grips his bat with hands close together and takes an extremely easy position at the plate. High-ey ball Cincinnati's rookie second baseman has another style. His hands are almost two inches apart when he grips a bat, but he is too a successful hitter as is Jake Daubert, first baseman, whose grip is somewhat after the style of the pitcher in locking finger displacement.

Players can give no reason for their batting peculiarities. They have them, they say, and point out that there have been no really successful attempts to change a player's batting style.

Baseball players who also play the links, however, say that the free-style idea cannot be applied to golf and every baseball player who is a successful golfer has adopted the prescribed form of swinging at a ball.

League To Be Closed Tuesday

With a postponed game from Thursday to be played off the South High Playground Baseball league will close its season Tuesday morning at South High school athletic field. The contest is booked between the league-leading Pirates and the Whirlers.

The game in Tuesday's game the Pirates, Whirlers and Catapa Indians will be tied for first place with six wins apiece and three defeats. The Indians Miogers are hopelessly in last place with nine setbacks and no wins.

Team	W	L	Pct
Pirates	6	3	.667

Meet the Whole Yankee Team—Mr. Babe Ruth (Himself)

RUTH C. RUTH P. Ruth, 1B. RUTH 2B. RUTH 3D. RUTH, SS. RUTH, LF. RUTH, CF. RUTH, RF.

Mr. Babe Ruth, who is the most valuable player to his team in the league. This year he is even on the bases he is something approaching a terror.

Not only is Ruth slugging out home runs with his accustomed frequency, but he is hitting timely and consistently and is a good bet to lead the league. In the field he is playing sensational ball and on the bases he is something approaching a terror.

You make no mistake when you say the Yankees have a great team in Babe Ruth.

He has done more than any other player, or any other six or nine players, if you want the more valuable. With a weaker team he is playing greater ball.

Ruth bids well to be the individual hero of the baseball world again this year. Last year he earned the distinction of being the most valuable player to his team in the league.

He has done more than any other player, or any other six or nine players, if you want the more valuable. With a weaker team he is playing greater ball.

Ruth bids well to be the individual hero of the baseball world again this year. Last year he earned the distinction of being the most valuable player to his team in the league.

High School Football Starts Here Within Six Weeks

SOUTH OPENS SEASON; CENTRAL WEEK LATER

Football—the great national autumn game—will be inaugurated in Lima in six weeks.

South high school is scheduled to open the season here on Saturday, September 13, when Van Buren high comes to Lima for a game with the team wearing the blue and gold.

Central will follow on the next Saturday with Cehna high here in Central's new stadium at College field.

This year South is carrying a slightly weaker schedule than she has had for the past few years. Akron South and Canton McKinley, two of the strongest teams in the state, have been dropped in favor of less formidable eleven. In years to follow, if South is able to build up another strong eleven, like that of a few years back, the two may again be added.

STRENGTH NOT T. S. W. strength of the teams on Central's schedule is practically the same as that of last year. Probably the strongest on the list are Akron West and Middletown Springfield, which gave Central a crushing 26-0 defeat last fall, is omitted from the schedule this year and Cehna has taken its place for the opening game.

Toledo Woodward Tech, which appeared for the first time on South's schedule last fall and which won over the local team, 6 to 0 is again included this year. The game will be played at Toledo while the strong Cleveland Heights and Cleveland West Commerce are to appear on the Lima field toward the latter part of the season.

South is booked to play Defiance at Defiance on November 15. Last fall South played that team there but when the referee made a questionable decision Coach Burdette of South took the team off the field. South officials apologized later on and agreed out of courtesy, to take the team back again this fall for a game.

Two weeks after Central's first game, the Red and Green boys will play Kenton here in the dedication game of the Central Stadium at College field. At that time the stadium is expected to be filled with a capacity crowd of 6,000 people. When completed the stadium will be the highest and best in this part of the state, and will accommodate approximately two thousand more persons than South field, which previously held sway as the best scholastic field in this part of Ohio.

CLASH ON THANKSGIVING

On Thanksgiving morning the two traditional enemies, South and Central will stage their annual fight for the city scholastic championship. The game will be played at Central field and for the first time since these two teams began their series of annual games, there ought to be a simple seating room for spectators for bleachers are being constructed around the entire playing field.

Central high under the leadership of their new coach, Ward E. Young who coached at South high school three years ago, will put out an eleven this fall of 12 actually the same strength as last year. It is thought a number of Central's star athletes are slated to June but their place will be taken by aspiring youngsters who played well on the second and third grade last year.

Coach "Bill" Gathrecht, at Central will be well equipped for the start with a staff of 15 star members of the 1925 team graduated in June while a like number failed in their final examinations and for various other reasons were declared ineligible to compete in inter school sports this fall.

It is likely he and Coach Young will start work early in rounding out their team and practice will be in full swing in order to give possible candidates for the eleven a chance to learn football and get into the best of condition.

THE SCHEDULE

Following are the schedules of the two teams:

State Makes Profit On Gridiron

COLUMBUS — (Special) — Football, basketball and tennis last year "paid the freight," figuratively speaking, for all other variety sports at the Ohio State University. These three were the only sports to show a profit on the year, according to the annual report for the fiscal year ending June 30, made public Saturday by R. M. Royer, treasurer of the Athletic Board.

Total receipts from all sports from July 1, 1923 to June 30, 1924 were \$343,239.42, of which \$139,069.52 constituted the share of visiting teams. Other receipts such as notes, concessions, rents and the like swelled the total income for the year to \$393,159.81.

Gross expenditures, including the amounts paid to visiting teams, were \$398,997.32. Net receipts, or the total amount accruing to the athletic department for its own use, were \$254,767.42.

Additional improvements to the Ohio Stadium, final payment to the contractor who built the stadium and interest charges on the stadium debt, constituted the heaviest item of expense, \$127,072.83. Of this amount \$76,000 was paid out as the final sum on the construction expense, \$30,424.82 went for interest and \$21,648.01 went for permanent improvements. These latter included the two running tracks in the stadium and the beginning of the new varsity baseball diamond adjacent to the northeast corner of the horseshoe.

Football income, as in other years, was the greatest item of revenue, \$275,723.72, of which \$173,420.97 constituted net profit. Basketball for the first time in years, if not in all university history, showed a balance on the right side of the ledger in spite of increased expense due to long trips. Basketball thanks to a team which was in the title hunt up to the final game, yielded \$13,176.61, of which \$3,542.57 was profit. The net income from tennis was \$641.33.

Big List For Race Opener

CLEVELAND — So large is the entry list for the Grand Circuit meeting which opens here August 11, and continues thru August 23, that there is a possibility that another day may be required to clean up the program. General Manager Winn Kilman of the Forest City Livestock and Fair Company, announced today. More than six hundred horses are named to go in the stakes and purses.

The Rainy Day stake for two year old trotters, with an estimated value of \$13,000, and the Championship Stallion stake for three year old trotters, with an estimated value of \$10,000, are features of the program.

The Rainy Day stake will be raced August 14 and the Championship stake August 20.

Several weeks ago Heath's team took Sobbs' for a four game licking.

DIEGEL WINS

MOUNT BRUNO, Que. — Leo Diegel of Washington, D. C., today won the Canadian open golf championship. His aggregate for the 12 holes was 287. Gene Strazien of Briarcliff, N. Y., was second with a total of 287.

NEW RECORD SET

CLEVELAND — The Winton handicap, \$5,000 stake 11-16 miles, the feature event of the closing day at Maple Heights today was won by Just David, who established a new track record for the distance at 1:43. Be Good finished second and Eminent, third. Just David chipped 1-5 of a second off the record set by Bucardo last Saturday in winning the \$5,000 Xen Scott Memorial stake.

SUMMARIES

Heath and Sobbs In Iowa League

Lima baseball fans may be interested to know that two boys who appeared on Murphy-st last season are now holding down regular positions in the Iowa State League.

Mickey Heath, who played first base for Lima in the closing games of last year, is playing the initial sack for Ottumwa, and is one of the leading hitters of the league. "Eddie" Sobbs, former Ottumwa first sacker, is regular first baseman for Cedar Rapids in the same league. Heath is second in hits, while Sobbs is third on the Cedar Rapids' hitting list. Both are Toledo boys.

Several weeks ago Heath's team took Sobbs' for a four game licking.

DIEGEL WINS

MOUNT BRUNO, Que. — Leo Diegel of Washington, D. C., today won the Canadian open golf championship. His aggregate for the 12 holes was 287. Gene Strazien of Briarcliff, N. Y., was second with a total of 287.

NEW RECORD SET

CLEVELAND — The Winton handicap, \$5,000 stake 11-16 miles, the feature event of the closing day at Maple Heights today was won by Just David, who established a new track record for the distance at 1:43. Be Good finished second and Eminent, third. Just David chipped 1-5 of a second off the record set by Bucardo last Saturday in winning the \$5,000 Xen Scott Memorial stake.

REDS TAKE DOUBLE HEADER; ATHLETICS BEAT INDIANS

B. & O., Police And Loco Teams Walk Away With Industrial League Games

New York Loses To Pirates

Cincinnati came back strong Saturday and by swamping Boston in a brace of games passed the 500 mark in the percentage column.

In the first game the score was 2 to 0. Donahue pitching excellent ball and keeping the five Boston hits so widely scattered that they found it impossible to tally.

The second fray, however, was a different story. The Reds gave Mays excellent support, holding the Braves to 11 hits and two lone tallies while they garnered 19 runs and fattened their averages with 24 hits. Daubert was the big noise in the second game.

In the other games of the day Philadelphia crept to within two points of St. Louis when the Cardinals took two games from the Cardinals by the scores of 3 to 0 and 8 to 7.

Pittsburgh moved up fractionally when the Pirates defeated the Giants 7 to 6 and the Cubs lost to the Dodgers 7 to 9. Two games now separate the teams.

The Cincinnati games:

FIRST GAME

Peckinpaugh, Nearing End of String, Turns In Greatest Plays of His Long Major Career

During the month of July I umpired 22 straight games with the Washington club while it was making its sensational dash to the top of the American league race.

No player did more to help Peckinpaugh, having one of the best years of his long and brilliant career, is perhaps the most valuable shortstop in the major leagues this year.

Always a sensational fielder, Peckinpaugh's work in this respect has simply been uncanny this year. At the bat his hits have invariably been timely, in the pinch he does his best work.

In figuring a player's value, consideration must be given to the hits he takes away from the opposition by some brilliant play. If the hits Peckinpaugh has taken away from the opposition were added to his batting average, his mark this year would be well over .400.

Yanks Go Lower In Hot Race

Joe Hauser, Athletic first baseman, was one of the several reasons why the Indians went down to defeat Saturday to the tune of 13 to 4. His three home runs were great factors over the two of them came when the bases were clear.

Joe Shaute, crack southpaw of the Indians, twice was the victim of Hauser and Roy was the heaver at the time of the third. Miller was on base and scored. All three were over the right field wall. Another drive in the sixth with Metevier pitching bounded off the screen in right center and he was held at second base.

Interest in the race is now centered at Detroit where the Yanks and Tigers will play four games. Detroit defeated Washington Saturday 8 to 3 while St. Louis trimmed the leaders 13 to 4. This leaves Detroit within striking distance of top place providing St. Louis also holds Washington in check.

Washington is now a half game behind the Yanks and they are leading the Tigers by only a half a game. Should the Tigers win and the Senators lay idle the three teams will be in a virtual tie for first place.

St. Louis strengthened its hold on fourth place when Chicago failed to solve the mysteries of Quinn's delivery and lost to the Red Sox by a 3 to 7 score. The Bostonians made 12 hits off Robertson and Lyons.

The Cleveland score follows:

CLEVELAND	AB	R	H	PO	A	E
Cleveland	4	0	0	10	6	0
Bishop, P.	4	0	0	10	6	0
Miller, 1b	4	0	0	10	6	0

Railroad Stars In Comeback

In two of the fastest and best games in the Industrial league this season, the B. & O. won over the Ohio Power, 5 and 3, and the Police defeated the Crane Co., 6 to 1, in a double-header at Fairport park Saturday afternoon.

The Lima Locomotive team ran all over the Superiors at Fairport park, 24 to 4.

The rejuvenated B. & O. team played heads-up baseball from start to finish. Only two errors were committed by the team, one of which resulted in an Ohio Power run. Left Fielder Ayers misjudged Imber's fly and made a desperate leaping stab to get it, but the ball rolled off his glove. Hunt, in right field, dropped a fly after he had momentarily lost it in the sun. Both blunders were excusable.

REELINE STARTS IT

Reel line began the scoring for the B. & O. when he smashed out a beautiful triple in the fourth and scored a moment later on O'Connell's clean hit to center. The B. & O. tied the count at 1-1 in the fifth and forged ahead in the sixth by scoring three runs on the infield hits and one outfield blow. The loss put the Ohio Powers a game and a half behind the league-leading Locomotives.

Upsetting the Cranes by playing the bunting game in the first inning, the Police shoved in a rather easy win in the second game. The Police made eight safe blows off Shade, newly-acquired Crane twirler, and also took advantage of three Crane errors. The Cranes got five scattered singles off Hogan, who twirled for the cops.

BAMBINO STILL HOLDS HONORS IN MAJORS

CHICAGO—(By Associated Press)—First in runs scored, first in circuit drives, first in total bases, first among the hitters, and first in the hearts of baseball fans is "Babe" Ruth, king of home run hitters, who now promises to surpass his record of 1921 by which he established himself as the best home run hitter of all time. That year he smashed out 59 four baggers, and crowned himself champions of champions.

This season the "Bambino," in the month of July, exceeded his best previous mark for home runs garnered in one month when he cracked out his fourteenth during a double-header at St. Louis on July 31. This mark surpassed that of June 1921 when he smashed out 13. This gave him a record for the season of 33 up to the last day of July.

The great Yankee slugger scored 39 runs in 93 games he has played, an average of one run a game, and has made 123 hits, a gain of 11 in seven games, for a total of 259 bases. His hitting average was boosted five points in the past week and today he is topping the hitters with a mark of .334. Ruth does not always get a chance to hit the ball, as he has a record of drawing 99 free tickets to first, or an average of one base on balls per game.

TIES WITH RUTH

Maurye Anderson, of the White Sox, said to be the fastest man in spiked shoes, has been playing regularly since his return, and is tied with Ruth in the averages, but had participated in only 55 games. Bib Falk, another White Sox star, has again tied a challenge to Ruth, and advanced fifteen points in his average. He is the real trailer to Ruth with a mark of .376, with Jameson of Cleveland holding down third place with .343.

Eddie Collins, captain of the White Sox, is leading the base stealers with 20 thefts, an increase of four. Much of Collins' success in pilfering bases lies in his judgment more than his speed, although he does not seem to have slowed him down to any appreciable extent.

Other leading batters for 40 or more games are: Golin, Washington, .341; Sheely, Chicago, .340; Cobb, Detroit, .338; E. Collins, Chicago, .338; Boone, Boston, .336; Helms, Detroit, .335; Speaker, Cleveland, .333; Meusel, New York, .326; Jacobson, St. Louis, .322; Mottl, Chicago, .322; Myatt, Cleveland, .323.

ROGER HORNBAY RECORD

Roger Hornbary, Cardinal star second baseman, is well on his way to shatter the record of Honus Wagner, four times batting champion of the National league, a record Hornbary tied last season, when he won his fourth consecutive championship. The veteran Pittsburgh star established his record during 1906, 1907, 1908 and 1909, his highest average during that period being .274 in 1908. Hornbary outdid the veteran each of the four years he led the league, starting in 1920. His average in 1920 was .370; in 1921, .397; the next season .401 and last year he hit .384. If he continues his present stride he will better any of his previous records, as he has shown a tendency to play main well above the rest.

At the present time he is traveling at a .466 clip, his 145 hits giving him the leadership in total bases, which, including 26 doubles, 11 triples and 14 homers, runs his string to 235.

Zach Wheat, Dodger veteran fly chaser, continues to be the runner-up of the St. Louis idol with an average of .327 and Jack Fournier, Wheat's teammate, tied for third place honors with Ed Roush of the Cincinnati Reds, each with .348. Fournier, however, is in front among the circuit drive hitters with 53 homers. Gabby Hartnett of Chicago being his nearest rival with 16.

Max Carey of the Pirates, failed to increase his base stealing record of 34 and is challenged by Cliff Heathcote of the Cubs who has pilfered his 21st base.

Other leading batters:

Breaser, Cincinnati, .347; Young, New York, .343; Kelley, New York, .338; Fritch, New York, .335; Griggs, Chicago, .333; Sander, New York, .330; Ward, Chicago, .324; Blanton, St. Louis, .321; Wrightstone, Philadelphia, .318.

MURPHY AMONG LEADERS

Eddie Murphy, former White Sox star, now playing with Columbus, has batted himself up among the leaders in the American association by smashing out 11 hits in his last seven games, for a batting average of .334. He holds eighth place.

The three-cornered race for the batting crown remains unchanged after one week's battling, despite the fact there has been a falling off in the hitting of the trio—Neun and Dressen of St. Paul and Brief of Kansas City. Neun lost six points but is topping the list with an average of .383, with his teammate, Dressen, holding second place with .359, a loss of one point, and Bunney Brief still on the third rung with .352, a drop of six points from his mark a week ago.

Brief, however, ran his total base record to 226, giving him a safe margin over his rivals.

AIR CLEANER IS NEW AUTOMOBILE DEVICE

DUST IS CAUSE OF TROUBLE

Life of Engine Shortened by Grit in Fuel Mixture

ONE TYPE IS DESCRIBED

Centrifugal Force Plays an Important Part

Automotive engineers are paying closer attention to the development of air cleaners in connection with motors.

A few auto manufacturers already have adopted some form of air cleaner as part of their regular equipment. They are not yet decided on the best type to use, but the subject of air cleaners is still in its primary stage.

More for the efficiency of the motor and truck than for passenger use is it essential that some method be used by which the dust in the air be kept out of the carburetor and cylinders. Dust has shortened the life of many an engine considerably.

As a result of the growing necessity for air cleaners many types have been invented. They range from dry centrifugal cleaners, thru water washers, oil washers, dry filters and percolators to combinations of two or more of these. In all there are five distinct types.

REST OF ALL
The most efficient, according to Charles P. Grimes, Syracuse (N. Y.) auto engineer, is the centrifugal type. After testing all sorts of cleaners, Grimes says, he finds the dry cleaner conforms most closely with the requirements for any kind. There are maximum efficiency, minimum attention and minimum loss of power.

The dry centrifugal air cleaner, as shown by the accompanying diagram, consists of a set of fans, by which the air is rotated at high speed, being drawn in at the same time. This high speed of rotation causes the dust in the air to fly outward toward a smaller chamber, from which it is ejected by inrushing new air and the suction caused by a compressed amount of air at the center of the cleaner.

ADVANTAGES
Grimes found that this cleaner was 37 per cent efficient. In addition he attributes the following advantages to it:

- 1—Maintenance and service is reduced to a minimum. It contains only one moving part on a ball-bearing oil sufficiently for two years of service.
- 2—The owner can see it perform.
- 3—The air resistance thru the cleaner did not change thru two years of use and the carburetor, once adjusted, was set for life.
- 4—It helps to smooth out violent surges in the carburetor air stream that are so common when full power is being developed at low speed.

Air cleaners generally cause a loss of about two horsepower in the efficiency of the engine, but this is their other feature, especially in lengthening the life of the engine.

Hudson Coach Sold At Open Model Prices

The first enclosed car in history ever to sell for an open car price is the newly announced Hudson coach, says D. M. Clevenger, of the Clevenger Auto Sales Co., local Hudson-Exess distributor. Mounted on the standard Super-Six chassis, it sells at an identical mark with the Hudson phaeton, a seven-passenger open car.

For two or three years, Clevenger says, the gap between the cost of an open and an enclosed car has been narrowing. There have been forecasts from time to time that this gap would finally close. Now the day is here.

Since the fall of 1921, the Hudson Motor Car Co. has specialized on its coaches, a type of body which it created. These coaches have now become 75 per cent of Hudson's business, so that all the well-known economies of quantity production may be applied to them. There is more material and more labor in an enclosed car than in an open one, but the larger volume on the coaches makes up this difference.

In the Essex, which it manufactures in the same plant with the Super-Six, Hudson has a coach that still sells at a slight advance over the open car price. But the gap is very narrow—lower in fact than in any other make of car except Hudson.

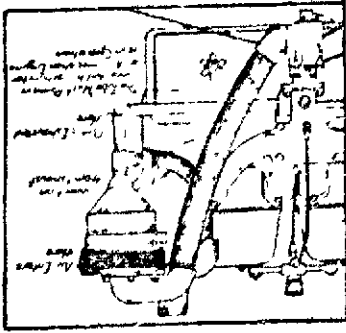

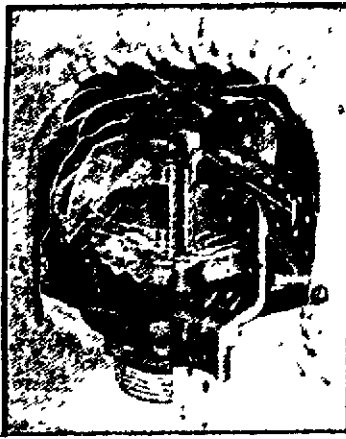

Ford Owners, Listen!

Here's a New Shock Absorber That's a Wonder

A perfect shock absorber that lasts a lifetime, adds to the appearance of the car and requires no attention, is now being made, demonstrated and sold in Lima.

Riding with a set of these on your Ford gives more real pleasure and satisfaction than you have ever before experienced. They absorb every bump, large and small. No rebound. The roughest roads cannot make riding uncomfortable. They make your Ford ride like a greased skid.

NEW DEVICE

How the new air cleaner is attached to a car chassis and connected to a dry centrifugal air cleaner.

EUROPE MAKING PROGRESS

Many New Auto Features Being Developed by Engineers

LONDON (Special) — European countries are stepping along with America in the development of automobiles.

The smaller engine is nothing new in France and other countries, and, as a matter of fact, has been a product of necessity on the continent. The straight eight is another achievement of European auto science, and a third is the development toward the use of crude oil as fuel in internal combustion engines.

An internal combustion engine, being shown at the British Empire Exhibition at Wembley Park is designed for operation on the lowest grade of fuel. It is a stationary use, although it points toward the design of a similar engine for automotive practice.

A German manufacturer has come out with a straight eight engine, with all of the cylinders and the upper part of the crank case cast in one block of aluminum. The distinctive features of this car include fan blades on the flywheel to draw smoke and fumes from the engine beneath the chassis and a dummy radiator that is built to give the effect of a V-type, but has a flat core.

In France a new six-cylinder engine has been made for increased speed and with decreased piston displacement. The new features American engineers are developing. Other features are positive valve-closing mechanism, detachable water jacket, super charger and roller-bearing connecting rods.

Chrysler Gets New Executive For Companies

With the announcement by J. F. Fields, general sales manager of the Maxwell-Chrysler Companies, that John D. Mansfield, who has long been associated with the management of the Dodge Motor Co., has affiliated himself with Maxwell-Chrysler, another one of the industry's most prominent executives is brought into the Walter P. Chrysler organization.

Mansfield has been a leading factor in the development of the automobile industry from the very beginning, and his wide experience in sales management and in virtually every phase of motor car merchandising has given him an enviable reputation with the trade from coast to coast.

Bringing Mansfield into the Maxwell-Chrysler organization, Fields stated, is another step in the policy to surround this enterprise with the best available merchandising talent. Just as Chrysler has attracted to himself outstanding figures in engineering and manufacturing, Mansfield was impressed with the large opportunity which he saw in the Maxwell-Chrysler future.

This is the second announcement of recent weeks, made by the Maxwell-Chrysler organization by which two of the most prominent men in the entire industry are brought to the Maxwell-Chrysler standard. The first was R. H. Olds, former president of Buick, who has taken the Maxwell-Chrysler distributorship in Lima.

dollar car. In a few months half the Fords in Lima will be equipped with them.

Four Dees absorbers are being demonstrated at 117 East Market Street. Look them over and see the mechanism that shows why they save your engine, tires, body and yourself as well and pay for themselves in a short time. Practical demonstration is absolutely free.

Four Dees means Ford Easy and they are made by the Auto Eez Manufacturing Company at the plant of the East Iron and Machine Company on East Market Street. This means that they're O. K.

Half-Skeleton Body Unusual Dodge Exhibit

D. D. Jones, the local Dodge Brothers dealer, was notified Saturday by Dodge Brothers that the half-skeleton steel body which attracted so much attention in the international exhibit held by Dodge Brothers in connection with the New York, Chicago and San Francisco shows, will be available for local display this coming week. It is expected that the body will arrive here Monday, whereupon it will be given a prominent place in the Dodge salesrooms on W. Market street.

The body is unique in that one half is unadorned, trimmed, upholstered and finished like the body of a car ready for use, and the other half is entirely unfinished, showing clearly every part of the structure, light, air, all steel construction.

The upper body and trimming are cut at the center line of the car showing the deep cushion springs and the genuine hair padding. The finished side of the

body shows a fine smooth, insulating surface. The reputation for retaining newness of appearance after years of service is the result of Dodge Brothers' process of baking the enamel at high temperature.

The unfinished half shows how the frame, consisting of pressed steel parts welded and riveted together, gives maximum strength and stiffness together with light weight and freedom from warping and from squeaks and rattles. No wood whatever enters into the construction of the body except the frames for the removable cushions and the few strips to which the trimming materials are tacked. Even the moulding around the windows, which upon close examination looks like varnished hard wood, is of pressed steel finished in baked enamel.

Everyone interested in seeing this unusual body is cordially invited to the D. D. Jones salesrooms any time during the week from 3 a. m. to 10 p. m.

Holland plans to increase the import duty on automobiles parts and motorcycles. The new tariff bill is now under consideration by the Netherlands parliament.

CEMENT TRACK FOR AUTOS

Kentucky is experimenting with a highway in which concrete tracks are laid for the automobiles.

Four tracks of concrete girders are being laid along that part of a highway, where otherwise ruts might be formed by incessant passage of auto wheels. On the other parts of the road, which are used by autos mostly for passing, plain crushed rock is laid, and over the entire road is a layer of asphalt.

Thus the cost of a good road is centered mostly on the four tracks over which auto wheels mostly pass, while not so much attention is paid to the rest of the road.

Tests with single seats are said to be making good in Paris. Lines are said to be as great as those of the larger taxis, although charges have been cut in half. The cabs average 68 miles a day.

Ford Requires 254 Miles Of Tube Each Day

It takes more than 254 miles of copper tubing a day to supply just one requirement in the radiator department of the Ford Motor Company's plant at Highland Park, Detroit, under the present production schedule. In other words, the copper tubing used in the production of radiators would

go around the world three times or if bent into a circle with the earth in the center it would stand 8,000 miles away from the earth's surface.

The radiator department is called upon to produce 9,000 radiators a day and materials necessary to attain this output run into surprising figures. In addition to the copper tubing, of which ninety-five pieces 18 7/8 inches long go into every radiator, other materials used in a single day's production of radiators comprise thirty-eight tons of sheet metal, six

tons of turn plate, sixty-seven tons of brass, nine tons of solder, 18,000 machine castings, more than four miles of brass tubing for drains, and 1,665 gallons of acid.

In the making of a single radiator, 140 operations are necessary and every step of the manufacturing process requires unusual care.

SOUND VALUE

Sound products evolve from sound principles.

Dodge Brothers Motor Car is the product of an institution whose principles have always been conceded to be pre-eminently sound.

Sound manufacturing methods that place infinitely more importance on quality than quantity.

Sound financial standing, which permits uninterrupted development and adherence to the policy of constant improvement—

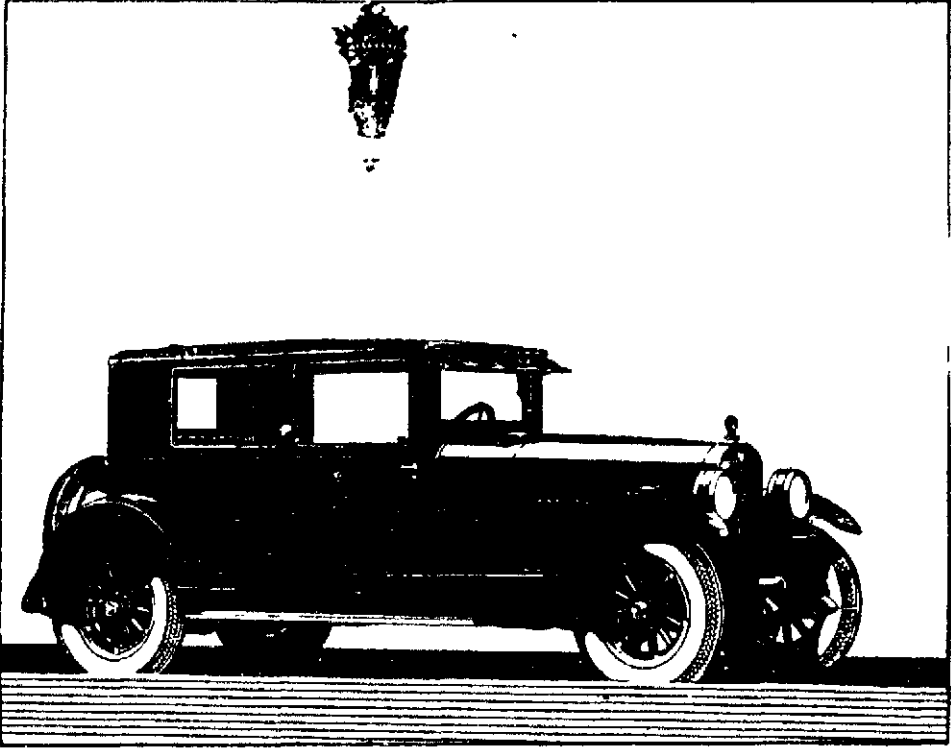

A sound method of selecting dealers, from which an organization has grown that enjoys the complete confidence of the public—

A sound sales and service policy, through which buyers are assured full value for their investment—

These basic principles being sound, it follows as an obvious consequence that Dodge Brothers Motor Car represents sound value.

The Improved COACH of the HUDSON Super-Six

For the First Time in History Closed Car Comforts at EXACTLY Open Car Cost

This Hudson Coach makes history. It is the first closed car ever to sell at exactly open car cost.

And Hudson, alone, can build it. As the largest producer of 6-cylinder closed cars in the world, Hudson exclusively holds the advantages to create this car and this price.

Greatest of All Hudson Achievements

And now full size balloon tires are standard equipment. Do not confuse with "semi-balloon" types. Hudson's are genuine, full size balloon tires—33"x6.20". Compare the difference.

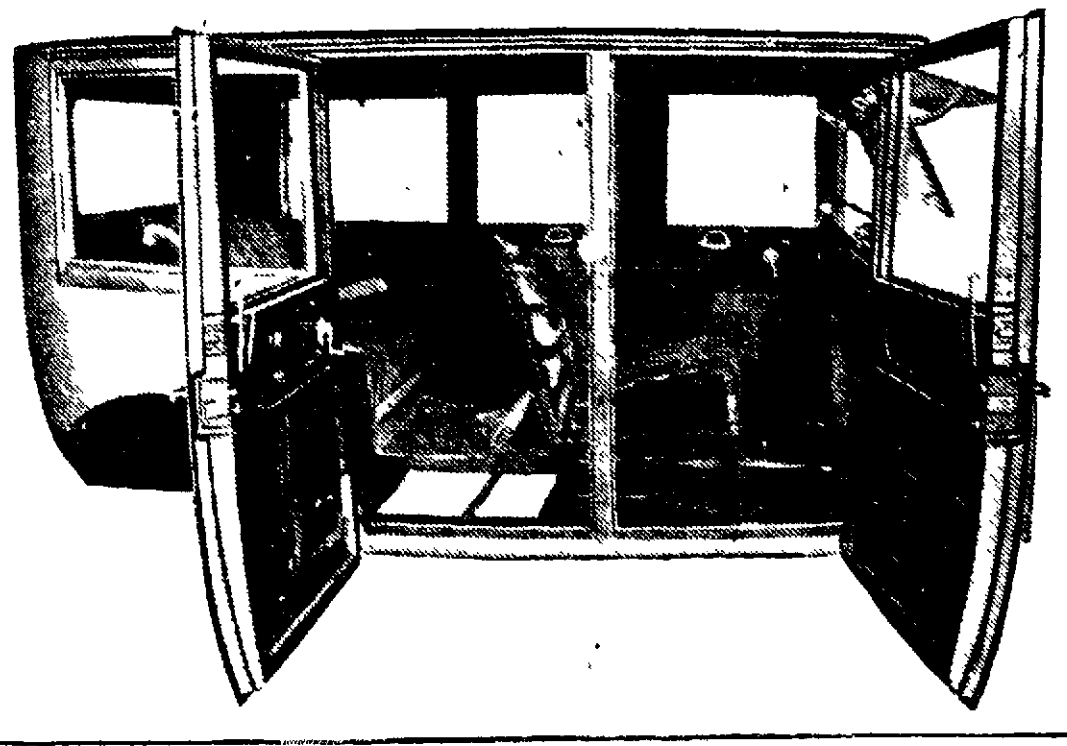

Hudson has not simply "added" balloon tires. Both running and steering gear have been especially designed to compensate for the radical differences balloon tires bring.

Full Size, Genuine Balloon Tires
The Easiest Steering and Riding Hudson Ever Built
\$1500
Freight and Tax Extra

More than ever, "Closed Car Comforts at Open Car Cost" is the uppermost buying issue. Note how fast the Coach is displacing open cars.

As the wanted type the Coach maintains the highest resale value against the waning desirability of the open car.

So Why Buy an Open Car?
CLEVINGER AUTO SALES CO.

SPECIAL DISPLAY

This all steel Dodge Brothers Sedan Body will be on display at the D. D. Jones Co. salesrooms, West Market St. at McDonel, 4 days beginning Wednesday, Aug. 6. Everyone should see this display whether in market for a car or not.

OPEN EVENINGS
THE D. D. JONES CO.
MARKET ST. AT McDONEL

A Joy of Motoring That's Wholly New

The Imperial

Chrysler has pioneered the way to an entirely new degree of performance and economy in motoring—a high speed range from 2 to over 70 miles an hour, combined with gasoline economy safely over 30 miles per gallon, and extraordinary oil economy, due to the Chrysler oil filter which cleanses and purifies all the oil in the crankcase once in every 25 miles of driving. Furthermore, with a touring car weight of 2705 pounds, ready for the road, and an overall length of 160 inches, the Chrysler Six rides even more comfortably than cars of twice its weight because of the Chrysler spring suspension and the use of six special high-speed balloon tires.

The Touring, \$1395 The Phaeton, \$1495
The Roadster, 1625 The Sedan, 1725
The Brougham, 1895 The Imperial, 1995
All prices f. o. b. Detroit tax extra.

No matter how wide and varied his motor experience, the Chrysler Six owner finds himself taking his place behind its steering wheel with all the glow of pride and anticipation that come to a boy driving his first car.

Men and women who for years haven't had a thrill out of driving, discover in the Chrysler Six a joy of motoring heretofore unknown.

Owners will tell you that Chrysler smoothness is the nearest approach to frictionless motion—that it is difficult to realize its speed, its power is so easy and effortless. Its remarkable ease of handling, its phenomenal pick-up, its powerful braking enable you to drive through heavy traffic with safety, and without tension or nervous strain.

We are pleased to extend the convenience of time-payment. Ask about Chrysler's attractive plan.

TREASURY QUIZ THREATENED

Senator Couzens Will Launch War to the Finish

SENSATIONS EXPECTED

Prohibition and Income Tax Due for Probe

BY CHARLES F. STEWART

WASHINGTON — (Special) — "Investigation" is going to break out again in Washington, Sept. 1, probably worse than ever before. It will be only one investigation instead of half a dozen, as earlier in the year; but that one, for various reasons, promises far to out-weigh anything heretofore.

It is the investigation Senator Couzens started into the treasury department.

Senator Couzens' plan is to start especially into the doing of the income tax division and the prohibition unit.

Against these two administrations more charges probably have been made than against all other administrations combined. That is one reason why the nation of the first order are keen.

It is an investigation, of all investigations, which has been especially fought. The fact, despite all obstacles, that those in it are still determined to do it thru, suggests a tenacity of purpose, on their part that "outrages" the real thing. The investigation of some of the investigation suggests it, too.

AN EVIL CAMPAIGN

And it will come right in the last of a national campaign. However it is brought out, if anything, will have its bearing—red, t, perhaps—on the campaign itself.

It will be recalled that Senator Couzens first asked for treasury inquiry.

The investigating committee chairman went to the commission of Indiana, who wanted such investigation. Couzens given a place on the committee. So were Senators King of Ohio and Jones of New Mexico. They were friendly to the inquiry, seemingly not. At the time, he was a fifth member.

Senator Ernest of Kentucky, who, like Senator Watson, believed there was anything to Couzens' with little backing to push the inquiry mostly himself. No trained investigator as he expresses it, he simply understood around."

He didn't give up, as he was expected he would. Suddenly he announced that he had hired Francis Gregory, San Francisco, grant money to help him out. This means a sure-enough investigation—at once.

The outcry was terrific. Presently Couzens himself joined in protest, adding the Senate doing so much investigating, way Couzens had no right to a lawyer of his own, he said.

ST STOP THEM

At the Senate supported Couzens. Since it was doubtful if he had a right to hire a lawyer, a resolution was passed for Henry's employment be Senate.

At that point Couzens, the investigation's whole inspiration, fell. From that moment on he had word about the inquiry said and it generally was believed and hoped by some—it been forgotten, until a few days, when most unexpected-ly Couzens, King and Watson, called on the chairman Watson, the news they were ready to resign.

Watson resigned. For Ernest was out of town, but as expected he would quit.

title, however, care Couzens, and Jones. They decided to lead by themselves Couzens elected chairman.

to avoid the slightest suggestion of animus, the three decided to select other counsel in of Henry.

ey set Sept. 2 for the start. It is small doubt they will it then.

It develops what many offi-cially predicted it will, it will be the most sensational feat of what promises already to most unusual presidential also.

HEADS TREASURY PROBE.

SENATOR COUZENS

Above is a likeness of Senator Couzens, who plans to start investigation with a sweeping investigation of the U. S. Treasury department.

Oldsmobile To Exhibit Autos At Many Shows

In view of the remarkable increase in Oldsmobile's export business during the past 10 months, the Oldsmobile Motor Works, Lansing, Mich., will have exhibits at the chief foreign automobile shows this year. Preparations are now being made to ship two models—a DeLuxe sedan and touring—and also a chassis for exhibition at the Paris Automobile Salon to be held October 2 to 12.

During the period between August, 1933 and May, 1934, the export business of the Oldsmobile Motor Works increased 337 per cent. The average gain in export business in the entire automobile industry during a 13 month period, including these same months, was 30 per cent. David A. Laing, general sales manager of the General Motors Export Company, has informed Oldsmobile officials that the outlook in foreign markets promises even greater sales for Oldsmobile.

At the present time a full line of Oldsmobile is being exhibited at the British Industrial Exposition at Wembley, England thru the General Motors of Canada, Ltd., who also will take care of the Oldsmobile exhibit at the London Motor Show this fall. Cars shown at the British exposition are equipped with either left or right hand drive to conform to the varying requirements in European countries.

Domestic business also is far beyond expectations, according to Guy H. Peasley, Sales Manager of Oldsmobile Motor Works. The actual movement of Oldsmobiles from dealers to purchasers during June this year surpassed the figures for June 1933, while total retail sales for the first six months of 1934 exceeded those for the same period last year by 40 per cent. Closed car sales for the first 6 months averaged 55 per cent of the total.

\$365 SUIT IS ENTERED AGAINST MRS. ANNA GROTE

OTTAWA — Dr. U. S. Beam, of Lima, on Saturday instituted suit for \$365.25, in common pleas court, against Mrs. Anna Grote, of Jackson, Mich., executor of the estate of her husband, Joseph Grote, claiming the amount was due for medical services.

The petition sets forth that in November, 1932, Beam performed an operation for appendicitis upon Grote, that he provided the anesthetic and the day he died remained far into the night at his farm home.

FREE PARKING FOR CUSTOMERS

Free parking for customers is provided by a department store in Elgin, Ill. The store has arranged to pay for parking in a nearby garage for shoppers who drive down in their autos.

GAS TAX IS HIGH

Indiana's gasoline tax, of 2 cents a gallon, has yielded more than \$4,500,000 for the first year. The total collection expense was \$6400. The yield was from \$1,000,000 to \$1,500,000 higher than the estimate made when the tax was voted.

FISCHER CHILDREN HAVE TONSILS REMOVED

ANDORP — Agnes, Louis, Mabel and Wilma Fischer, children of Mr. and Mrs. August Fischer, were subjected to operation for the removal of their tonsils as part of the week. The operation was performed at the home by Dr. E. C. Yingling, assisted by Dr. J. A. Har-

DAVIS AND SMITH RIFT DENIED

In Complete Understanding, Nominee Declares

TO CONFER WITH GOVERNOR

Democratic Leader's Address Nearly Finished

LOCUST VALLEY, N. Y.

(By Associated Press)—John W. Davis is ready to present to the country his case as the Democratic presidential candidate. Here in his Long Island home he put the final touch to the address he will deliver at Clarkstown, N. Y., a week from next Monday in inaugurating what he has determined to make an intensive campaign.

Davis now will be able to give full attention to the completion of his campaign organization and will devote much of his time early next week to that phase of his campaign. He plans to leave on Wednesday evening for Hyde Park, N. Y., to visit Mr. and Mrs. Franklin D. Roosevelt and to attend the annual banquet of the Democrats of Dutchess county, which is to be held near Hyde park on Thursday.

TO CONFER WITH SMITH

While in Hyde park the nominee will confer with Governor Smith who is to speak at the picnic. It may be that he will see the governor earlier for the purpose of again urging him to be a candidate for re-election.

Reports of a rift between the nominee and the governor were denied Saturday at Davis' New York headquarters where it was stated that "no significance was to be attached to the fact that both Davis and Smith were in New York yesterday without conferring."

Davis directed Thomas J. Spellacy, director of eastern campaign headquarters, to serve at a conference with Governor Smith which would be arranged for early Monday unless the governor should desire to proceed to Albany immediately upon his return from a vacation trip.

Later the nominee himself declared that he and Governor Smith were in complete understanding on political matters, "as far as our personal and political relations are concerned." After completing his acceptance speech of the nomination, Davis motored to his New York headquarters where he remained for an hour. He conferred there with William E. Chilton, Democratic candidate for United States senator from West Virginia; Charles E. Crane, Raymond Stevens, a former member of congress and Davis Hunter Miller, one time law partner of Alton B. Parker.

On his return here early in the afternoon, the Democratic party standard bearer was accompanied by Norman E. Davis of New York,

WAR RELICS ARE UNEARTHED

Traces of Bushwacker Raid in Civil War Found

LAWRENCE, Kan.—(By Associated Press)—Relics of the Quantrell raid in Lawrence on Aug. 21, 1863, when 150 men of the town were massacred and the city pillaged and burned by Confederate "bushwhackers," were unearthed when excavations were made recently for a new building. Workmen removed from their diggings an assortment of liquor bottles, metal bar fixtures and glassware, some of the wreckage bearing the imprint of a Leavenworth distiller of 75 years ago.

Investigation showed that the excavation had invaded the filled-in cellar of a saloon, run by Joseph Brechtelbauer at the time of the raid.

As Brechtelbauer took flight, he tossed a bag of money into a rain barrel, whence members of his family later retrieved it.

The Quantrell raid at Lawrence was the most audacious and the most disastrous of a series of expeditions the southern chief headed. Riding into the sleeping town at daybreak, the invading band took the citizens completely by surprise, and almost before the defenders could recover from their daze, more than 100 men were lying, dead or wounded and mangled, in the streets. Shops were pillaged and then burned.

When Quantrell and his followers finally disappeared, about 9 a. m., they vanished as quickly as they had come.

First Spiritualist society, 1304 S. Main-st., over Dime Savings bank. Sunday night service 7:30. trance lecture, subject from audience. Message service by T. C. Russell.

LEIPSIC

Mr. and Mrs. C. L. King of Lima were Sunday guests of Mr. and Mrs. F. M. Standley.

Miss Neisole Davis and Mr. and Mrs. Burt Davis of Dayton are motoring to Washington, D. C., and other eastern points for a vacation visit.

Mr. and Mrs. Francis Wendell of Cleveland spent Sunday with Mr. and Mrs. Wendell's parents, Mr. and Mrs. Frank Wendell.

Mr. and Mrs. George White and Mr. and Mrs. John Whitbread spent Sunday in Piquette with Mr. and Mrs. George Rayle.

Mr. and Mrs. George F. Schwaiblmair and Mrs. L. E. Groiner and Mr. and Mrs. P. W. Davis were Sunday guests of Mr. and Mrs. H. C. Scholtz in Napoleon.

Mr. and Mrs. August McCall and daughter visited Sunday in the home of Joseph Conrad in Lima.

Mrs. C. G. Pfahler and children have returned from a visit in Milan, Mich. Miss Sylvia Walters, a son accompanied them home.

Mr. and Mrs. Brandon Hilder and son of Fort Wayne, were here during the week for a visit with Mr. Hilder's father, Dr. William M. Hilder.

Miss Helen Rower has concluded a visit with friends in Columbus Grove and has returned to her home. She was accompanied by Miss Ruth Wittberg of Columbus Grove, who will visit in the home of Miss Rower for a few days.

Easter temple of Pythian Sisters have discontinued meeting for two months, during the hot days.

Mr. and Mrs. Harry E. Martin are entertaining Sunday night at a mid-summer meeting. Thursday night Mr. and Mrs. C. W. Martin of Frankfort, Ind. Mr. and Mrs. W. T. Hager of Deshler, Mr. and Mrs. B. G. Dand and Mr. and Mrs. Walter Weber were guests to supper and meeting with members. Supper was served at 10 o'clock.

FORT RECOVERY

Mr. and Mrs. Wesley Thomas, Miss Mabel Bennett and friend of Lima, came Sunday for a visit with Mr. and Mrs. John Wells. They were in Piquette on Monday as the guests of Mr. and Mrs. John Wells returning to Lima Tuesday.

Mr. and Mrs. Neff Acker of Lima were Sunday guests of Mr. and Mrs. Robert Straker.

Mr. and Mrs. Al Brown of Fort Wayne and Elmore Hendrick of Dayton, spent Sunday with their mother, Mrs. Mary Hendrick.

Hosie Birt and family of Williamsport spent Sunday with Mr. and Mrs. J. W. Birt of Burkettville.

Several from this vicinity attended the stump reunion held at the Greenbelt fair ground Sunday.

Mr. and Mrs. M. Vetter left Sunday for a visit with relatives at Dayton.

The following members of Queen Rebecca lodge of Lima, paid a visit to Myrtle Union Rebeah lodge on Monday evening: Mrs. Anna M. Ayers, Mrs. Blanche and Nellie Andrews, Mrs. Ines Schuyler and Mrs. Fannie Baker. Following the usual lodge exercises, ice cream and cake were served.

The following from here attended the Snyder reunion held at Rockford, Ill. Sunday: Mr. and Mrs. John Snyder, Mr. and Mrs. Orrin Snyder, Roy Snyder and family, Mr. and Mrs. Carl Snyder, Mrs. Rachel Snyder, Mr. and Mrs. Dan Hull.

On Tuesday evening the members of the Sunday school of the First Church of Christ gave a miscellaneous shower at the home of Mrs. Joshua Armstrong in honor of Mrs. and Mrs. Dwight Whitacre, who were recently married. About 60 were in attendance.

Mr. and Mrs. Ed Koch and family left Tuesday on a motor trip to Michigan.

COLDWATER

Mr. and Mrs. Eugene Birkmeyer and daughters were the guests of Albert Birkmeyer and family at Chikassaw, Tuesday evening.

Charles Davis of Sidney, spent Sunday with Mr. and Mrs. Bob Ringwalt.

Mr. and Mrs. Chris Mount spent Wednesday with Sam Bette.

Mrs. Nels Keeler and children were Sunday guests of Mr. and Mrs. Charles Buckholt.

Mr. and Mrs. Russell Hite of Lima, were Sunday guests of Mrs. Allie Veach.

Mr. and Mrs. Matt Johnson and family spent Sunday in Ohio City.

MAIN-ST PAVING PROGRESSING

Concrete Work Saturday Near Spring-st on East

Progress on the paving of the east side of Main-st from the Ot-tawa tracks north to the Pennsylvania is progressing rapidly and up to the expectations of city officials.

Mayor Earl C. Moyer after an investigation Saturday afternoon reported that 1,700 yards of concrete had been poured Saturday, bringing the work to between El and Spring-sts. Curbing work has progressed nearly to North-st.

MRS. MARY MOORE DIES; FUNERAL HERE MONDAY

Mrs. Mary E. Moore, 75, died of complication of diseases at 10:15 p. m. Friday at her home, 515 N. Collett-st., following an illness of five days.

She is survived by two daughters, Gertrude and Florence, both employed as teachers in Lima public schools.

The funeral services will be at 10 a. m. Monday at the late home in charge, Rev. Warren L. Stevens in charge. Burial in Woodlawn cemetery.

KIWANIS TO GO TO KENTON

75 Lima Members to Attend District Rally Tuesday

EXPECT 600 DELEGATES

Walter S. Jackson, Lima, Is One of the Speakers

Nearly 75 members of the Lima Kiwanis club will attend the district rally to be held Tuesday night at Kenton, Ohio. James L. Jolley, chairman of the "Onto-Kenton" committee, announced Saturday.

The Kenton Kiwanis club is making preparations to accommodate 600 visiting Kiwanians from the 16 clubs in the district. The rally will be held under a big tent at Bell's park there.

Russell C. Hedderston, of East Liverpool, governor of the Ohio district, will be one of the principal speakers on the program. Walter S. Jackson, Lima, immediate past governor of the Ohio district, will also be on the program as a speaker.

The Lima delegation will leave the Barr hotel at 4 p. m. Tuesday and will make the trip by automobile. The dinner will be held at 6 p. m. business at 7 p. m., while the clubs will put on their "stunts" starting at 8:30. No announcement has been made concerning the character of the Lima stunt, but it is said to be a better one than the one put on at Ottawa several months ago, which was pronounced one of the best on the program.

Announcement was made Saturday by Frank Pringle, secretary of the club, that two delegates to the Ohio district convention at Columbus, Ohio, August 23 and 24 would be chosen at either the meeting of August 12 or the one on the 19th. The Ohio district is the largest in Kiwanis International and the convention is expected to be one of the biggest Kiwanis in any section of the world has ever held.

The club will not hold its regular luncheon meeting at the Barr hotel Tuesday, but instead will prepare for the Kenton rally. A week from Tuesday the luncheon will be held at the Shawnee Country club, when a group of officers from the Toledo Kiwanis club will engage in battle with a number of local Kiwanis golfers. Lima defeated the Toledo team at Toledo last summer.

FRESH AIR CAMP OPENS AUG. 7

Junior Red Cross Will Care for Thirty Children

Thirty undernourished Lima children on August 7 will leave Lima for the Junior Red Cross Fresh Air farm on the Allentown-Spencerville road, nine miles from Lima, to spend three weeks under care of physicians and trained nurses.

The location adopted by the Junior Red Cross, with Mrs. Frank E. Mead in charge, is ideal for a fresh air camp. It is pleasantly located and the buildings are appropriate to meet the demands for the care of the children. A number of tents will also be used during the three weeks the camp is conducted.

The camp will represent a little town in itself in that expert cooks will provide the food, trained nurses will look after the 30 undernourished children and physicians are to be available at all times to provide medical attention.

The committee in charge of the fresh air camp is composed of Mack P. Colt, Allen county chairman; Mrs. Walter Frantz, Miss Katherine Reilly, Mrs. J. B. Poling and Mrs. Frank E. Mead.

Dr. J. B. Poling, city health commissioner, and Dr. A. C. Adams, the attending physicians, will be assisted by Miss Bernice Thomas and Miss Mary Bugus, registered nurses.

G. A. R. AND RELIEF CORPS MEMBERS LEAVE SATURDAY FOR NATIONAL MEETING

Lima's delegation from Mart Armstrong Post and Woman's Relief Corps to the fifty-eighth national encampment of the Grand Army of the Republic at Boston will leave over the B. & O. railroad next Saturday. The encampment opens August 10.

Members of the G. A. R. from this city and relatives who will attend are:

C. E. Christie, commander; W. D. Heffner, delegate; O. E. Copeland, Ham Marshall and daughter, Mrs. W. A. Roberts, Mr. and Mrs. William La Rue, T. A. Kennedy, James Osborn, M. E. Taylor, Mr. and Mrs. Samuel Fletcher and daughter, Mr. and Mrs. Samuel Kerner, Mr. and Mrs. W. Craig, John F. Bennett and Eli Crawford.

Members of the relief corps who will attend are: Letta Kave, president; Goldie Bowserack, Alice Ransbottom, Jean McKay, Mrs. W. F. Van Horn, delegate and Mr. Sam Horn.

ANNUAL PICNIC

Reckman is secretary of the club and announced that the plans are being made for the entertainment of guests who are expected from Columbus, Dayton, Springfield, Wapakoneta, Lima and St. Marys.

WATERWORKS BOILERS
DELPHOS — The new water works pumping station at the water works pumping station. They were expected from Columbus, Dayton, Springfield, Wapakoneta, Lima and St. Marys.

ABE MARTIN On Women In Business

When we look about and see what a figure women are cutting in the affairs of the country today, we can hardly realize how enslaved they were a few years ago. Mame Moon, in politics, smoking, sharing in the pleasures of business, is a picture of the modern woman. Women have all been in business in a hidden sort of way. Of course they've hidden a lot of men, but that's not here. Women are, by far, the best bare back riders on the housekeepers, and they've never been outclassed as snake charmers or milliners. Of all the women delegates we saw at Cleveland and New York not one was mousy. Not one's hair was coming down. They were spunky and business like and monopolized the elevators and grouped in the aisles but all seemed to realize the great responsibility reposed in them. They endured the New York convention and they've helped clerks and bookkeepers to own their own homes. They've put men's noses to grandstones and made good quiet plodding citizens of them. Women have all been in business in a hidden sort of way. Of course they've hidden a lot of men, but that's not here. Women are, by far, the best bare back riders on the housekeepers, and they've never been outclassed as snake charmers or milliners. Of all the women delegates we saw at Cleveland and New York not one was mousy. Not one's hair was coming down. PRETTY HOME NUPTIALS CELEBRATED

WELTY WEDDING IS SOLEMNIZED HERE SATURDAY

Altar of Palms—Flowers Pretty Background for Single Ring Ceremony—Evangelist Paul H. Rader Performs Nuptials—Informal Reception at Welty Home

Clarence W. Jones, the Groom, Affiliated in Religious Duties—Eastern Trip Planned—Newlyweds Will Make Future Home in Chicago After Honeymoon

A VERY beautiful and impressive marriage service, at which one of the noted Evangelists of the country officiated, was that of Miss Katherine Welty, second daughter of Rev. and Mrs. A. D. Welty, and Clarence W. Jones, son of Mr. and Mrs. George H. Jones of Chicago, which took place Saturday morning at 10:30 o'clock at the Welty home, 129 N. Central-av. Rev. Paul H. Rader, well known religious worker, performed the single ring service.

Shortly before the appointed hour, Lance Lathem of Chicago, played Mendelssohn's Wedding March. The bride then descended the stairs on the arm of her father, preceded by the flower girl and ring bearer, Marcella and Kenneth Welty, and her matron of honor, her sister, Mrs. Hester A. Churchill. They were met at the stairs by the bridegroom and his best man, Richard Oliver, also of Chicago. The ceremony was performed in front of an altar made of palms and garden flowers.

At the close of the service, Fred Welty, brother of the bride sang "At Dawning," with Mr. Lathem at the piano.

The bride's gown was of white satin, trimmed with the satin bowers, and her white tulle veil as fastened to her hair with tulle blossoms. She carried a lower bouquet of bride's roses. Mrs. Churchill wore a white orsande dress and her flowers are a corsage of sweet peas. The flower girl and ring bearer were in white.

An informal reception and buffet breakfast followed. Appointments of pink and lavender were used in the dining room, platter basket of sweet peas and roses being used. Pink canes in the crystal holders added attractiveness. Miss Eleanor out poured during the breakfast. Others who assisted were Miss Alice Walcott, Miss Vaude, Miss Jessie Patterson, Miss Grace and Miss Mary Arnold, close friends of the bride.

Mr. and Mrs. Jones will remain for a week and on August will depart on a three weeks' honeymoon trip. They will make their home in Chicago, when in work with Rev. Rader will be in Mr. Jones will act as business manager and musical director for the Evangelist.

Among the out-of-town guests at the wedding were Mr. and Mrs. George Jones, parents of the bridegroom; Dr. and Mrs. E. C. Jones and daughter, Ruth; Mr. and Mrs. Gern and son, John; Richard Oliver, Lance Lathem and Mr. Rader, all of Chicago; Mr. and Mrs. William Buller, Miss Stevens and Miss Vera Hoyer of Bluffton, and Miss Alice Shalley of Ft. Wayne. Local guests were Mr. and Mrs. T. Trout and daughter, Jean; Mr. and Mrs. C. H. Churchill, Mr. and Mrs. C. A. Churchill, Miss Tabler, Mrs. H. L. Neider, Dr. R. Plunkett, Rev. F. Welty, Fred Welty, Paul, Kenneth, Marcella and Jane Welty, Miss Alice Walcott, Miss Vaude, Miss Jessie Patterson, Miss Grace and Miss Mary Arnold and Mrs. Welty, parents of bride.

Miss Dorothy Bott, McPherson, welcomed the members of the Mothers' club to her home, Monday evening. In the company arranged by the hostess, L. R. Gillmore and Mrs. O'Dell were successful among the members and Mrs. Schults among the guests. A luncheon was served by hostess. Other than the members were Mrs. Roy Rader, Mrs. Nett Rader, Mrs. Louis and Miss Edith O'Neil.

SUMPTUOUSNESS IS KEYNOTE OF FALL STYLES WINTER CLOTHES TO LOOK LESS SIMPLE AND MORE EXPENSIVE

NEW YORK—(Special)—The effect of richness and sumptuousness is what style experts of this country are going to try to popularize for fall and winter.

Gorgeous colors, velvets, brocades and furs that look expensive and luxurious are being prepared to take up the challenge of the simple crepe gowns with the effect of no trimming that have been so popular the past season.

The present-day styles please everyone but the manufacturers. Women like them because they are so casual and easy to wear. Men like them because they look so simple and youthful. But manufacturers dislike them because it is so hard to make them look like money.

To be sure, effective simplicity is expensive, but only the knowing eye discerns this. The untrimmed hats of today cost much more than the plume-laden ribbon-bedecked creations of 10 years ago.

The simple chiffon or crepe gowns that are so much more

LEFT TO RIGHT: COAT DRESS OF PRINTED VELVET; VELVET BOUFFANT GOWN AND EVENING GOWN WITH COAT TO MATCH.

stylish than the elaborately beaded or embroidered ones cost more because the lines must be better and the workmanship above reproach.

But it is hard to educate women to pay a fabulous price for a gown that has apparently only a few yards of inexpensive material with no adornment of any kind.

Whereas a woman parts cheerfully with money for a gown that gives the effect of sumptuousness and outlay.

Paris is holding out for simplicity because the Parisienne will pay for line. American dealers want a radical change toward more sophisticated styles. Above are some of their efforts in that direction.

The velvet bouffant gown is of ocean blue velvet trimmed with metal lace and chinchilla fur. The evening gown with cape to match is embroidered with colored beads to harmonize with the burnt orange lining. Both garments are swathed with fitch fur.

The coat dress is of printed velvet trimmed with kit fox.

PAUL WEDDING SATURDAY AT FT. WAYNE

Lima Man Marries Talented Ft. Wayne Girl Popular in Social Circles

Father of Bride Officiates—Honeymoon Started—Lima People Present

A N out-of-town wedding of local interest occurred in Ft. Wayne, Ind., Saturday afternoon, when Miss Catherine Dannecker, youngest daughter of Rev. and Mrs. H. P. Dannecker, of Toledo, became the bride of Mr. and Mrs. Dean Richmond Paul, 423 S. Woodlawn-av. The marriage was solemnized at four o'clock at the home of Mr. and Mrs. Harold Feisthorm, the latter a sister of the bride. The bride's father, Rev. Dannecker, came from the family summer home at Lake Ann, Mich., to officiate.

The couple were unattended and left immediately following the ceremony for points north. They will return to Ft. Wayne and after August 15, will be at home to their friends in Southwood park.

The bride is a popular member of Ft. Wayne's social set and is very well known for her dramatic ability. Mr. Paul, who has made his home in Ft. Wayne for some time, attended Culver Military academy and is now associated with the Johns-Manville Company, Chicago.

Lima guests at the wedding, which was attended by only a small group of intimate friends and relatives, were Mr. and Mrs. Dean R. Paul, parents of the bridegroom; Miss Virginia Paul, Dudley Paul and Mr. and Mrs. Ray Evans.

Mr. T. G. McMillin of Jackson, Tenn., who has been visiting friends and relatives here for the past four weeks, has gone to New York City, to join his husband for a month's stay, before going to their home. Mrs. McMillin was formerly Miss Birdie Bigelow of this city.

Miss Alice Caffrey of New York City is spending a month with her mother, Mrs. Mary Caffrey, W. McKibben-st. Sister M. Victoria and Sister M. Paula of Buffalo, N. Y., will arrive Monday to visit for a time at the Caffrey home.

Miss Edith Ward, W. High-st., has returned from a two weeks' visit at the H. M. Dixon home in Perris.

Announcement was made at a one o'clock luncheon given Thursday at the Hotel Argonne of the engagement of Miss Evelyn Core, daughter of Mr. and Mrs. J. G. Core, 123 State-st., Delphos, to Ralph C. Raabe, son of Mr. and Mrs. Charles C. Raabe of Ft. Jennings. No date has been set for the marriage.

Guests at the announcement party were: Mrs. Stanley Bell, C. A. McCrate, Mrs. A. E. Sitter, Miss Mary Turner, Miss Celeste Gardner and Miss Kathryn Kinsell, all of Columbus Grove. Mrs. Arthur Neff of Columbus, Mrs. Wendell Kunka of Louisville, Mrs. T. A. Haas of Findlay and Mrs. J. I. Cass and Miss Grace Post of Toledo.

Miss Helen Bland has returned to her home in Springfield, Ill., after spending several weeks with her aunts, the Misses Bland and Mrs. Mary Hazard, W. Wayne-st.

John C. Riley has returned to his home in New York City, after visiting at the home of his sister, Mrs. Milton Kugelman, W. Wayne-st.

Miss Corinne Croy, Shawnee, will entertain the members of the Phi Gamma Sigma sorority at her home, Monday afternoon at 1:30 o'clock.

W.F.M. PICNIC TO BE HELD

Mission Reports Scheduled; Picnic Supper Follows

The annual picnic enjoyed by members of the Women's Foreign Missionary society of Trinity M. E. church, their families and friends, will be held Wednesday evening at the home of Mr. and Mrs. A. A. Dole, 1019 Brice-av. A picnic supper will be served, after which a program will be given.

Reports from the School of Missions at Lakeside will be given by Mrs. W. F. Faylor and others from the society who attended. Devotionals will be led by Rev. C. A. Rowand, pastor of the church, and Mrs. Rowand will conduct the Mystery box. There will be a special musical program.

The affair is in charge of Mrs. O. C. Plummer and Mrs. C. B. Beattie and their committees.

Miss Bernice Fry, Miss Della Mae Ward, John Keener and E. J. Ward motored to Lost Creek Thursday evening for a picnic supper.

Mr. and Mrs. John C. Williams and Mr. and Mrs. W. B. Clark of Middletown, are spending the week-end with Mr. and Mrs. Cary Williams, S. Kentworth-av.

Election of officers will take place Tuesday afternoon at the meeting of the Frances Willard Union of the W. C. T. U. to be held at the home of Mrs. Frank H. Creps, 240 N. Shore Drive.

Twenty members of the American Legion Auxiliary attended their third annual picnic held Wednesday at the Eagy cottage at Sassafras Point. Following luncheon at noon, the afternoon was devoted to swimming and boating. A picnic supper was served.

Miss Marguerite Kren, S. Metcalf-st., left Saturday for a ten days' stay in Wapakoneta with relatives and friends.

Dr. M. T. Counts of Cocos, Fla., arrived during the week to join Mrs. Counts, who has been spending the summer at the home of Mrs. Mary Hayer, 130 S. West-st.

Mr. and Mrs. L. J. Hanley and sons, Walter and James, W. Wayne-st., leave the first of the week for visits with relatives and friends in Warren and Tyrone, Pa.

Mr. and Mrs. Claude Gamble and Mr. and Mrs. Arthur Blom are leaving Sunday for Pine Lake, Mich., for a two weeks' stay.

GARDEN CLUB TEA MONDAY

Flower Program Scheduled At Maire Home

Members of the Garden club will enjoy a "Twilight Tea" at the home of Mrs. Frank L. Maire, 572 W. Market-st., Monday afternoon. The afternoon's program, which will be concerning old fashioned flowers, principally the forget-me-not and sweet William will be at 4:30 o'clock, preceding tea. A visit in Mrs. Maire's garden will be held.

Miss Isabelle Mackenzie will have the only paper at the meeting "My Old Fashioned Garden." Mrs. M. S. Thompson will preside at the affair.

Those who will assist Mrs. Maire during the tea, which will be served in the garden, are Mrs. E. T. Mitchell, Mrs. Charles Clark, Mrs. O. B. Selridge, Mrs. R. T. Gregg and Miss Jessie Boone.

Mrs. M. J. Fitzgerald and children, Margaret and John, Prospect-av. and Mrs. Lola Lundv, E. North-st. have returned from an extended visit with relatives in Canada.

Mrs. L. C. Reichelderfer and daughter, Gretchen, of Toledo, will be the guests during the week of Mrs. Reichelderfer's parents, Mr. and Mrs. S. D. Downing, W. Springfield.

Mr. and Mrs. Clyde Waller, Faut-st., have as their week-end guest, Miss Grace Ramsey of Indianapolis.

Members of the Junior League of the Grace M. E. church complimented Miss Frances Bowyer at her home on S. Main-st., Tuesday evening, in observance of her birthday anniversary. Games and contests were enjoyed and a luncheon was served. Miss Bowyer was presented an attractive gift.

Twenty members of the league attended the affair.

Mr. and Mrs. Robert R. Bacom, 124 1/2 N. Collett-st., have as their guest, Miss Louise Gehlman, Springfield.

Mrs. Sue Smitzer and children and Mrs. F. T. Collins left Saturday for a two weeks' stay at Huron.

Mrs. R. E. Tolan, W. Market-st., and Mrs. Warren Catt and daughter, Danalee, of Pittsburgh, are spending the week-end with Mr. and Mrs. Herbert Catt in Ft. Wayne, Ind.

ENGAGEMENT ANNOUNCED

Katherine Isabel Kahle To Marry O. L. Williams

Dr. and Mrs. R. D. Kahle, 204 S. Cole-st., announce the engagement of their daughter, Katherine Isabel, to Oliver Lockwood Williams, son of Mr. and Mrs. Samuel M. Williams, of Flushing, New York City, former Lima residents. The marriage will be an event of September.

The bride-elect is a graduate of Ohio Wesleyan university and for the past two years has been a teacher of English at the Chillicothe High school. Mr. Williams, who also attended Ohio Wesleyan and who later graduated from the Illinois state university, is associated with the Williams Cork and Seal Co. of Decatur, Ill. He has recently been made the New York representative of the company.

MRS. SLATER IS HONORED

Birthday Surprise Party Is Enjoyed Friday

A number of intimate friends surprised Mrs. O. Clifford Slater at her home, 826 W. Market-st., Friday afternoon, in celebration of her birthday anniversary. Mah-jongg was played and at the close of the games, Mrs. Val Kohl held high score.

A two-course tea was served at five o'clock. Guests included Mrs. Gus Boop, Mrs. J. L. Cannon, Mrs. Elsie Usher, Mrs. Val Kohl, Mrs. J. F. Boop, Miss Esther Roberts, Miss Marguerite Moyer, Miss Ruth Allen and the guest of honor.

THE WELL DRESSED WOMAN

By MARY MARSHALL

Copyright, 1924, by The McClure Newspaper Syndicate.

The Way the Wind of Fashion Blows in France

A SAGACIOUS dressmaker in Paris has designed a frock with a belt which can be worn at the normal waistline, at the knee or in Empire fashion, a few inches beneath the armpits. The narrow ribbon girdle is simply run through one of three possible positions and firmly clamped.

This is one way of answering the moot question of waist length. For this is the question uppermost in the minds of men and women vitally concerned in the making or designing of clothes, and the thousands of

tired-out Gertrude, straight, long sleeves or no sleeves at all; thin, clinging fabrics. What more consistent, now that we have taken over so much that is Directorate and Empire in spirit, than to take over the high waistline also?

But it is always fatal to suppose that fashion works logically or that the history of fashion always repeats itself with perfect accuracy.

Quite significant, however, is the fact that within a few weeks many smart young women, here as also in Paris, have frequently raised their own waistlines irrespective of the designing of dressmakers and fashion experts. At smart resorts, here and there, you may see the straight, narrow tubular frocks that were worn with low belt or with no belt at all, now worn with the belt drawn up a bit and placed a few inches above normal. There really does seem to be a natural reaction on the part of women everywhere against the low-placed belt that completely

conceals the natural slenderness of the body.

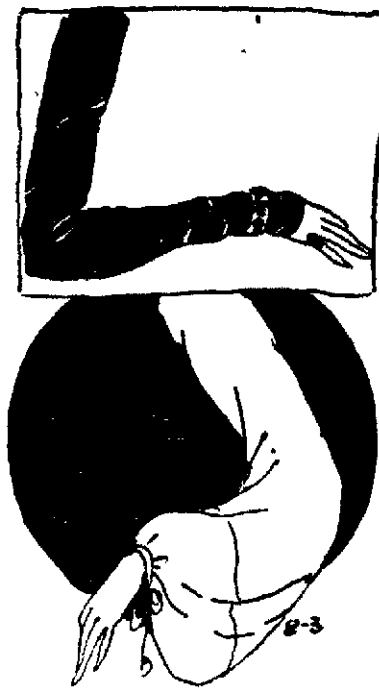

Uncorseted Figure Still the Vogue.

Of one thing be assured. Even though we do come back to a normal or above normal waistline, even though close girdles are revised, there is not the slightest indication that close lacing will return or that the new arrangement of the waist will make the corseted figure any more necessary.

The high waistline is something that many of the designers have already played with in designing evening frocks. Poiret was responsible for many gowns draped along scant classical lines that would have been quite in fashion in the days when Napoleon Bonaparte was first Emperor. Premet has designed an evening frock with the high-waist effect produced in front by the placing of a flounce in the position of a high little apron.

who are having their hair bobbed now for the first time, fully convinced that before long "no one will be left with long hair." These late adherents of the shorn coiffure seem to be the most ardent supporters of it. Women who have not adopted this mode of hair arrangement seem hopelessly dowdy to these novices of the bob. It is more likely to be the woman who had her hair bobbed some half dozen years ago when it was less usual who is now chafing about for some new way of decorating her head.

Word comes that quite a group of very smart young women in Paris have let their hair grow again—or rather are letting it grow. But this need not be looked upon as the deathknell of the bobbed fashion. Uniformity in this matter would be highly uninteresting. Those who

Showing the new long tight sleeve and one puffed at the cuff.

other women whose thoughts are occasionally occupied with the question of their own clothes.

The truth of the matter is that no one really knows. No system of prognostication in matters of fashion has been devised sufficiently accurate to make it possible for anyone to do any more than give a guess concerning the immediate future of the waistline.

Waistline Can't Go Lower.

One thing is safe to say—it can't go much lower without slipping off the frock entirely. It may remain where it is, it may go back to normal or it may go above normal.

This possibility that it may go above normal seems to be the one that offers most interesting speculation on the part of many prominent designers and style authorities. There is much in the present mode strongly reminiscent of the fashions of the Directorate and Empire period. Straight, scant, clinging frocks, scantest and fewest of petticoats, close, classic line of hair arrangement, close-fitting hat, cloche or poke shape, with alternates in the shape of the position and newly in-

Frock designed in Paris has separate belt which can be worn at normal waistline, Empire line or at the knees. It is slipped through open work embroidered and fastened with clamps.

Above, at left, blue and white plaid frock with blue coat trimmed with plaid and lined with white kid, from Charlotte. At right, long coat of satin with flare at bottom.

claim that within a few years every woman will be bobbed are just as far from the mark as those other prophets who announce that very soon no smart women will wear their hair in this manner.

The Semi-bobbed.

Meantime much interest centers around the women who, once bobbed, are trying to get their hair to grow again. These semi-bobbed ladies are really the smart ones at the present time, and among certain women it is as much the thing now to discuss ways and means of providing for hair that is at the awkward stage of growing in, as it was some time ago to discuss the relative merits of the shingle and the bob.

Some Parisians are twisting their growing locks into a tiny knot at the back of the head instead of pinning on hair to cover their deficiencies. Others comb the hair straight back and have it arranged in small curls or ringlets at the nape of the neck, where it is held into position by a flat comb.

Seldom has the outlook for the woman who reveals in hats been more promising than it is this year. The milliners have contrived to bring into fashion a number of most interesting historical shapes, so that there is a picturesque and richness of association about the hats that will be presented to us this autumn that we of this generation have probably never known before.

French Make Hats High

The French tendency is still to make the hats very high with the trimming adding inches to the already high shape. Of course this tendency to make hats modified will have to be somewhat modified for the American face. French women with more clearly cut features, more definite profiles can wear these hats well, whereas most Americans find them rather trying.

Be prepared for a golden season as far as hats are concerned. Much of this gold will be of leather—strips of gold leather like ribbons tied around the crowns of hats, gold leather facings to hats and large gold leather bows lined with colored silk or ribbon.

Gold leather bows will continue to be smart, though cloth of gold will be used extensively for both

At left, mauve chiffon with high waistline effect given by flounce across front. Center, flesh satin and silver lace with normal waistline and short transparent skirt. At right, short straight gown of champagne velvet with crimson rose at side and Spanish lace scarf falling from back.

purses and shoes. Frocks will be trimmed with gold leather and braid.

Oxfords of cloth of gold have already achieved distinction in Paris, where the tendency is to substitute the laced oxford for strapped slippers and sandal effects even for formal afternoon wear. The French woman has always had a partiality for the high-heeled oxford, the question is whether American women—save for a few who take their lead direct from Paris—will be eager to adopt this type of footwear, which undoubtedly does tend to make the foot look thick through the arch and instep.

Next week—The Shoes We Shall Wear.

Above, gold cloth oxford shoe and envelope purse for after-noon worn with frock trimmed with gold braid. At right, a hat of hatier's plush with rounded crown.

WHITE SPORT SKIRTS.

White sport skirts are in good repute, and if you need one for a skirt for country wear, by all means choose a white one.

One that is especially smart is made of white crepe edged at the bottom with a two-inch band of red kid and then pleated.

CORDS FOR PENDANTS.

If you have an interesting pendant you may be finding it difficult to find the right cord to hang it on. The shops now—some of them—sell ornamental cords to carry pendants. They are silk cords in various colors usually knotted in an interesting way, often holding a few simple beads in the color of the pendant. Sometimes these cords are fitted with ornamental clasps.

High gold cloth oxford shoe for evening at left. Above, growing locks worn in tiny knot at back of head instead of pinning false hair on.

Beauty and Middle Age

REMEMBER, if you are approaching—or have reached—middle age, that the figure is the index to your apparent age.

A woman of fifty with a straight, supple figure is far younger looking than a woman twenty years her junior who has a stocky, settled figure.

So, oh you of middle age, concentrate on keeping your figure moderately slender and completely supple.

If you have any time left over, look after the wrinkles trying to come on your face. But remember that wrinkles are far less of a giveaway than the settled, too substantial and stiff figure.

The Vogue for Brown and White

TIME was when a brown sash on a sheer white frock would have been considered absurd—impossible.

But some of the smartest summer frocks of lingerie are sashes of brown ribbon. And there are white crepe frocks similarly sashed. It must be admitted that this combination of brown and white is decidedly smart. It is always a relief to get away from the trite combination of pink or blue and white in summer frocks. Brown sashes carry us a long way from the more conventional combination.

The question of skirt lengths is one that comes into all clothes discussion nowadays, though neither very long skirts nor very short skirts offer much surprise. The fact remains that very short skirts seem to be preferred by French women for evening to an extent that seems to be surprising Americans abroad this summer. Not long ago the rule seemed to be that short skirts should be worn for street and sport, longer skirts for afternoon, and quite long ones for evening. Now evening frocks are shortest of all. At least that is the dictum of French designers.

What of sleeves?

Long Sleeves Are Coming.

Bare arms are still with us, so much so that many of us sigh to be spared the sight of any more of them. So the time seems propitious for a return of the well-covered arm, at least for daytime, and French dressmakers are already marking with their favor sleeves that are both tight and very long. Often the close-fitting long sleeve comes well down over the palm of the hand, making slender long fingers seem slender and more tapering than ever. The long sleeve with a puff at the cuff has of course the tendency to make hands and wrists appear much smaller than when the sleeveless frock is worn. Who knows but that we may be about to adopt a fad for small hands? Surely the enormous black signet ring worn by many French women has the faculty of making fingers look slender and hands smaller.

About Bobbed Hair.

One hardly dares wax prophetic on the subject of bobbed hair. It is a subject about which one can very easily arouse a more or less heated argument. There are still women

INTERESTING NEW SCARVES.

A LOVELY scarf for the woman wearing a dress of a shade of heavy beige or cream-colored with a light blue or pink.

It is made of a mass of the sumptuous silks of black silk and heavily embroidered by machine in different shades of red, blue, yellow and green in a Japanese landscape design with willow trees, pagodas and figures all over the surface of the scarf.

The idea of a fur shoulder or neck scarf worn with a chiffon or georgette frock is not new. The idea of a figured crepe or chiffon scarf as part of a fur coat is new. And now there are fur coats for summer wear with wide, soft curls of fur fastened under the collar, trailing at the front or left hanging loosely.

FACE IS HOT IN DISTRICT

Mr. Miller Pointed Out as Logical Winner in Contest

ONLY CANDIDATE IN NORTH

Two Others in Fight for State Committeeman

The contest for Democratic state central committeeman in the fourth congressional district, is arousing a great deal of interest throughout the district and particularly in Allen-co.

Lehr E. Miller, L'ma, the lone candidate from the north end of Williams of Greenville, with O'Donnell, of Mass.-co and Le...

Williams of Greenville, both from the south end.

Miller is former county treasurer of Allen-co and has long been prominent in party politics in the northwestern section of Ohio. He has been chairman of the Allen-co Democratic executive committee for a number of years. He has been engaged in the real estate business since retiring from treasurer's office.

Williams was a candidate two years but lost out at the polls in the primary, when he ran under the name of J. Lendall Williams. Reports have been circulated thru the district, especially in the south end counties, that both Miller and O'Donnell are from Lima. The basis of this report cannot be learned. The report will not deceive Allen-co voters but might have some effect on voters in other counties.

The fact remains, however, that Miller is the only candidate for Democratic state central committeeman, not only from Allen-co but from the north end of the district.

O'Donnell lives in Miami-co and Williams, is a resident of Greenville, in Darke-co.

Miller has been waging an ar...

More campaign thrusts the district in every county.

Allen-co, Auglaize-co and Mercer-co are all lined up for his candidacy strong, and it is expected that he will get a good voter in Shelby-co, as well as cut in Miami and Darke-co the strongholds of his opponents.

Social Items, Lodges, Societies, Personals

The Needlework club held their annual picnic at City Park last Friday afternoon. A number of visitors were present to hear the report of the delegate from the Federation. A sumptuous dinner was served at 6 o'clock.

Mrs. Chattie Hamilton will be among the visitors to The National at Chicago next week.

Miss Daisy Boone will visit friends in Detroit next week.

The Allen Class will meet Tuesday evening with Mrs. Laws, N. Union-st.

Mr. and Mrs. Ralph Chavous (nee Addie Collins) are the parents of a baby boy.

The Golangs Reunion will be held the last Sunday in August at City Park. Rev. Irwin, Dr. Bradfield and Rev. Lewis Dayton will be the speakers of the day.

Miss Laura Howard passed away Thursday in Bellefontaine. The Baptist Sunday school will hold their picnic Tuesday in City Park. Everyone invited to come.

Mrs. Katie Stewart and Mrs. Mary McGowan served 12 o'clock breakfast Tuesday. Guests other than Embroidery club members were Mrs. Mary Reed, Washington, D. C., Mrs. Leitha Jackson, Dayton, Mrs. Ferrell, Chicago.

Mrs. King had a birthday surprise for her daughter, Miss Lettie, Thursday eve, the guests being members of the Embroidery club, Dr. and Mrs. Bradfield, Mr. and Mrs. Reed and Mrs. Jackson. Many beautiful presents were received.

Mrs. Elvia Aldock, Springfield, grand lecturer, O. E. S., was the guest of Cyrus Chapter, No. 31 and Rev. Irwin and family.

Walter Mausel and Lena Bush celebrated the Ann's Vitis last Friday eve at the home of Mr. Mausel. Guests were Mrs. Letha Jackson, Dayton, Mrs. Boone, Col. and Mr. and Mrs. Reed, Wash.

The Ladies' Aid of Second Baptist church will meet with Mrs. Alberta Harrison Wednesday at 12 o'clock.

There will be a convocation of Shro Chapter No. 135, Tuesday eve, August 6th. All companions are urged to be present.

Tuesday, Aug. 6th, 1934, the following program will be given at the Fourth St. Baptist church at 7:30 p.m.: Song by congregation, prayer by Love Altman, scripture reading by president, song by S. S. choir, welcome address, Mrs. Wm. McGee; dialogue, Etta Liston and Service Woodby; song by Mr. and Mrs. Oula Woodby and Mrs. Barkley; a talk on missionary, Miss Arselia Thompson; song, Mrs. Crittendon and Etta Liston; recitation, Daisy Woodby; closing remarks, Rev. L. R. Mitchell; song, congregation.

WINE 1,700 YEARS OLD IS STORED IN MUSEUM

SPYER, Bavaria, Palatinate

This little town on the Rhine is the proud possessor of what experts maintain is the oldest wine in the world. The wine, according to Hans Rung, a specialist in antiquities, was unearthed near here among Roman ruins some 1,700 years ago and has been kept in storage here ever since.

The department of the Berlin museum devoted to the wine has been for many years a place of interest to visitors from all over the world, and other articles and for the making by the Romans early in the third century, all being in a perfect state of preservation.

Five-Room Cottage--\$7700

This house is estimated by the Curtis Service Bureau of Clinton, Ia., to cost about \$7700. This includes heating, wiring and plumbing, although the cost may vary slightly in different localities.

PHOTO AND PLANS BY THE CURTIS SERVICE BUREAU, CLINTON, IA., FOR FIVE ROOM ENGLISH COTTAGE

A ONE STORY house with two bedrooms, this plan has an unusual number of desirable features. It is a departure from the cut and dried bungalow, both in exterior appearance and arrangement of rooms. Shingles are selected for its construction because of its economical upkeep, but brick or shingles could be equally attractive for this type of home.

The layout is planned for coolness in warm weather and for complete isolation of the various portions of the house. The living portion, the study, a room and the sleeping quarters.

BREEZY LIVING ROOM

The living room extends straight thru the middle of the house with a clean sweep of breeze from front to back. It is protected from the heat of the sun by other rooms at the sides and the entry recessed porch in front. In the living room English wood paneling extends from floor to head casings. In both living and dining rooms there are fireplaces, reducing greatly the amount of service required from the heating system provided. A corner china closet and grouped enonments on two sides are attractive features of the dining room.

The kitchen is an efficient size and well arranged with built-in conveniences. It has a door directly into the living room as well as into the dining room, which will save many steps for the housewife during a day's work. The adjoining rear entry provides a location for the refrigerator and a storage closet and has a window just at the head of the basement steps.

TWO BEDROOMS

On the other side of the house are two bedrooms with bathroom between. Each bedroom has a clothes closet and a chiffonier like tray case built in. Both have cross ventilation, the rear room having casements on two opposite sides.

The absence of any unnecessary ornamentation, such as huge columns, brackets, dormers or broken up roof, make it economical of construction and stock materials are used thruout, even in the woodwork of authentic English type.

Wolverine Furnaces

Here's a Good Thing to Look Into

Great care and consideration should be used in selecting your heating plant.

Compare the Wolverine super-heater with the so called top radiator type of furnaces—you will see the extra large amount of radiating surface—the long fire travel on the Wolverine which means you are extracting all the possible heat units from the fuel burned.

It means you are not using an extra large quantity of fuel. It means there will be no smoke or dust from your furnace, but enough pure warm moist air in each room to make your home comfortable.

It means your furnace will be installed by factory trained mechanics who do nothing else the year around but install Wolverines—they are men that take pride in their work and put the pipes up as they should be.

It means you will get more than you expected—and that we will please you with every detail of your installation.

A telephone call or a post card will bring an expert heating engineer to your place—he will lay out a heating system for you—placing you under no obligation what so ever.

A factory guarantee and agreement with each job means the Marshall Furnace Company, takes all responsibility for the heating of your home.

INTERESTING PRODUCTIONS BOOKED BY LIMA THEATRES

WELL KNOWN STARS SEEN ON SCREENS

Pola Negri in "Men" is at Quilna, Sigma Presents "Forgive and Forget"

"Tiger Rose" On Pun M.L. "East Is West" Show At Lyric

Many interesting productions are scheduled for the coming week. Two new productions are to be seen for the first time today and one is continuing a very successful run.

Pola Negri will be seen in "Men" at the Quilna. This picture is a classic of the screen and is being shown at the Lyric Sunday, Monday and Tuesday.

"Tiger Rose" is being shown at the Pun M.L. today and tomorrow. This picture is a classic of the screen and is being shown at the Lyric Sunday, Monday and Tuesday.

"East Is West" is being shown at the Lyric today and tomorrow. This picture is a classic of the screen and is being shown at the Lyric Sunday, Monday and Tuesday.

SIGMA PROGRAM

"Forgive and Forget" On Four Day Run

"Forgive and Forget" is the story of a woman's mistake. It is the most attractive picture at the Sigma beginning today and running through until Thursday when "For Sale" will replace it.

It is said that this picture is a masterpiece of the screen and is being shown at the Lyric Sunday, Monday and Tuesday.

The story is that of Mrs. Cameron, a young and attractive woman, who is engaged in a flirtation with Ronnie Sears. She writes him several letters. Cameron is jealous of his wife and suspects Sears. Blake, a friend of Sears, steals the letters and attempts to blackmail Mrs. Cameron. During the various scenes a fight is shown in which Cameron is convicted and sent to prison and Blake's blackmail scheme is effective to the tune of \$50,000. In the end, however, all is cleared up and the cause is righted.

"For Sale" is a scathing indictment of modern marriage customs. It will be seen beginning today at the Lyric. It is the story of a woman who is engaged in a flirtation with Ronnie Sears. She writes him several letters. Cameron is jealous of his wife and suspects Sears. Blake, a friend of Sears, steals the letters and attempts to blackmail Mrs. Cameron. During the various scenes a fight is shown in which Cameron is convicted and sent to prison and Blake's blackmail scheme is effective to the tune of \$50,000. In the end, however, all is cleared up and the cause is righted.

Lenore Ulric in scene from "Tiger Rose" A Warner Bros. Classic of the Screen

At the Lyric Sunday, Monday and Tuesday

AT THE QUILNA
All week Pola Negri in "Men".

AT THE MAJESTIC
First part of week "East Is West" with Constance Talmadge.

AT THE RIALTO
Sunday and Monday, Richard Talmadge in "Danger Ahead". Wednesday and Thursday, "Blow Your Own Horn". Friday and Saturday, "The Other Man's Daughter" with Charles Chaplin.

POLA NEGRI

Popular European Actress in "Men" at Quilna

Pola Negri, famous European actress, who has been seen in many Paramount successes during the past several seasons, will appear at the Quilna this afternoon in "Men".

This production, said to be the best in which she has ever been cast, is the latest addition to the fall and winter program of Paramount productions being shown at the Quilna. This program is now on in full swing and is proving very popular.

In "Men" Pola is presented for the first time with an American cast. She is under the direction of the great continental producer, Dimitri Buchowetzki, who understands her every mood and is able to help her get the most out of every situation. Buchowetzki will be seen in the director's chair of "Men" which closed its engagement here Saturday night.

It might be interesting to note that Buchowetzki is a Russian.

Scene from "FORGIVE AND FORGET" at the Quilna today and through Wednesday

Pola Negri in "Men" at the Quilna all week

declare that all of her previous efforts have been surpassed.

In this picture Pola starts as a dancer in a small fishing village. She goes to Paris, becomes cynical regarding men and love and just as she feels herself most strongly entrenched against all men she falls in love. Her battles to win happiness and the man she loves form the basis of many interesting scenes.

With her in this picture will be seen Robert W. Frazer, Joseph Swickard, Robert Edeson and hundreds of extra people who take part in the big ensembles. Added features will be the Quilna News and Aeop Fables.

"EAST IS WEST"

Constance Talmadge Has Lead at Majestic

"East Is West," a production to be seen during the first part of the week at the Majestic is too well known to require any great amount of advance statement.

With Constance Talmadge in the role of Ming Toy, an American girl stolen by Chinese landlords, the picture is a rapid fire succession of thrills.

There are but few who do not know the story of how Ming Toy, who prayed to American gods and learned the American language, is sold by the man who claims to be her father. On the Love Boat, where the sale takes place, she is purchased by a friend of Billy Benson whom she has met and with whom she has fallen in love, and sent to San Francisco.

Her experiences there are many and just as her picture is about to be shown at the Lyric for a four day run Wednesday, Thursday, Friday and Saturday.

This story tells of the enforced marriage of a girl to a man she loathes. She learns the true character of her husband and falls in love with a doctor on board the ship which carries her husband and herself into a storm and is wrecked.

"TIGER ROSE"

Lenore Ulrich Star in Lyric Picture

"Tiger Rose" is a story of the Canadian woods starring Lenore Ulrich, is now playing at the Lyric theatre. It will be seen until Wednesday when Norma Talmadge in "Isle of Conquest" will take its place.

"Tiger Rose" is the screen version of the famous play of the same name and in which Miss Ulrich achieved a remarkable success. It is the story of a girl who, when her father dies in the woods, goes out to search of the world.

She is rescued by Michael Devlin, Canadian mounted policeman, and is taken to a nearby trading post when her raft overturns. She is adopted by the Scotchman in charge of the post.

Bruce, a young engineer, is working near the post and she falls in love with him. Her love is returned. The engineer, however, learns that a man who, betrayed his sister is coming to the post and resolving to kill him and his business his intention of going away.

Bruce kills the betrayer of his sister and becomes a fugitive. After many attempts to enable him to escape, Rose and the doctor of the post allow him to be taken to face trial, believing he will be freed.

In "The Isle of Conquest" Norma Talmadge is given an opportunity to do excellent work. The picture will open at the Lyric for a four day run Wednesday, Thursday, Friday and Saturday.

"DANGER AHEAD"

Mighty Hard to Kill Man, Picture Shows

"When is a man dead?" Those who desire to see the question answered should see "Danger Ahead" at the Rialto Sunday and Monday. Richard Talmadge is the star.

During the production the hero is apparently killed in a fight over jewels, run over by a speeding automobile and his widow sees him buried. Yet the question arises, "Did he die?"

Wednesday and Thursday "Blow Your Own Horn" and a comedy are scheduled at the Rialto and on Friday and Saturday "The Other Man's Daughter" and Charlie Chaplin in "His Night Out" will be seen.

LYRIC

NOW PLAYING!

You will love "Tiger Rose" — a child of the woods, as beautiful as the flower whose name she bears, but as dangerous as a defenseless queen of the jungle.

Drama at its most dramatic, where the soul is bared, stripped clear of all veneer and pretensions. Don't miss the screen adaptation of the play that gave Blanche Broadway its biggest thrill.

See Lenore Ulrich, the superb, in the screen version of the great Belasco that won her renown.

Rich People

Never buy used cars. It's you folks who are trying to save a dollar that we are trying to reach. All our used cars are in dandy shape and what's more, we have one of the largest selections in Lima. Folks, I can sell you what you want at the right price. Be interested enough to at least come and shop. You will like our terms as you make all your payments at our office.

1923 CHEVROLET TOURING
This car has come into our hands in a new car condition. It would be a waste of time for us to touch it. Mechanically it will please the most exacting.

1923 CHEVROLET SEDAN
Just refinished and can hardly be told from new. The mechanism by its performance will prove that the car has had exceptional good care. A bargain.

1923 CHEVROLET COUPE
This car has a world of appearance and is in elegant condition, has five cord tires; the price is a snap.

1923 FORD TOURING
Mechanically perfect. Everything good about it can be bought at a worth while saving.

1923 OVERLAND TOURING
Unquestionably a wonderful value. Appearance is like that of a 1924 model.

1923 FORD COUPE
Just refinished and equipped with 5 practical new balloon tires.

1918 REPUBLIC TRUCK
We have placed a nominal price on this car for quick sale.

For Rent If We Have Them

But These Houses (R) For Sale

Let me say this again to you before you read any further—Be sensible, invest now. Yes, take my advice and buy a home of your own. Invest in Lima Real Estate. Lima's Real Estate values are sound. Lima with 116 manufacturing plants—an unprecedented era of city improvements now in progress. Do you think because we have had just a little depression that conditions will continue very long in the same rut? No! No. A million times No. The United States is too big for that, besides we are the best and richest nation in this whole world. Now if you are a close observer of things you will surely take note of the quickening up of all industries. It may be gradual but you can just bet your last dollar that all industries will again HUM, and you won't have to wait very long to see that either. Now here is the big idea—Now is the time to buy. Now is the time. You can really get some real bargains at this time, and in a very short while you will readily see the benefit of your good judgment, as when things and all industries are humming. I say, and again I'll repeat that you will pay more for a home, and you will not be able to get it on as good terms as you can buy it today.

Stop Paying Rent

The same amount or less than your LANDLORD is collecting from you for rent money every month, why you can be paying that on your home, and the only step necessary is for you to make up your mind that you want to succeed, then call into the office, select one of the many fine places I have listed, PAY A SMALL AMOUNT DOWN and the balance the same as rent.

Here is your chance—2 lots, west side location. These are really worth not less than \$500. You can have them both for \$350. Will take part cash, and balance can be arranged. Don't delay as these will make any one a dandy building site, and they will surely increase in value. Take my advice and get these Monday as they won't last.

I have two 5-room cottages for rent at \$15 each, and you are away from all dust and smoke, and you will get lots of fresh air, both has nice lawns, and large lots. You can have a place for chickens.

Two really good Suburban homes that can be bought at what you would call sacrifice prices. Both are west side locations, and it is needless for me to say to you that they will increase in value, as you are acquainted with West Side Values. No information over the phone on these. One has 4 rooms and large lot; the other has 5 rooms and two lots.

On Sugar St.—5 rooms, large lot, wonderful little place. Pay as much as you can down, balance like rent. Has water, gas, electricity, toilet. A real bargain and you will never get an opportunity like this again—\$2500.

What have you to trade for an equity of \$500 in a dandy 7-room house on St. Johns Ave. A fine residential district, large lot. Party will take good used car, or good lot in city limits, that is all clear.

On No. Union, a nice little place, 5 large rooms, close in and handy to town—\$2500. Pay whatever you can down and the rest as RENT.

On Seventh St., near Main—I have a fine 5-room cottage for \$2500. Pay whatever you can down and the balance the same as rent. Raise all the chickens you want.

I have a dandy on East Wayne St. Ask me about this one sure—7 rooms.

Remember, if I haven't got what you want I can and will get it for you. I also have a number of other places that are too numerous to mention.

WHEAT BUYING IS ON BIG SCALE

Quotations Sent Upward by Heavy Demand

RUST IS BULLISH FACTOR

All Deliveries of Corn Jump to New High

CHICAGO — (By Associated Press) — Black rust news of a more serious character than any heretofore received, gave a decided lift to the wheat market Saturday, assisted also by announcement that the London reparations conference had finally accepted the Dawes plan. Closing quotations on wheat, although unsettled, were 1 1/2 to 1 3/4 net higher. September 1931-32 to 1.22-1.23 and December 1.35-1.36 to 1.37-1.38. Corn finished 2 3/4 to 4 7/8 up, oats at 5-8 to 1-1 1/2 advance and provisions showing 10 to 35c gain.

Wheat buying on a big scale developed after the market opened, and the attention of traders was focused on dispatches from Canada telling of damage from black rust. Particular notice was taken of a dispatch from a leading expert saying that every field examined near Melita, Manitoba, showed black rust on the wheat stems and that apparently most of such wheat would be ruined. Another authority, telegraphing from Napinka, Man., said black rust there was showing on the wheat straw up to the head.

RUST IN DAKOTA — Black rust was also reported in North Dakota from Devils Lake to Minot and south to Jamestown, but the conditions in North Dakota were said to be against likelihood of damage. On the other hand, the reparations news from London together with word that sterling exchange had jumped to a new high record for 1924, helped to keep the wheat market pointing upward most of the time despite free selling on the bulge. Besides, it was said, vessel charters had been issued to take 5,000,000 bushels of wheat east from here, largely to Montreal.

Speculative buying carried all deliveries of corn to a new top price record for 1924. A seasonably cool weather and a forecast of more was a bullish influence and so too was scantiness of receipts. Oats reflected the action of corn. Provisions climbed with hogs and grain.

The HOOVER

It BEATS... as it Sweeps as it Cleans

You'll Enjoy Summer
... when you own a Hoover

Summer is the time of dusty homes, for warm sunshine tempts open windows and the dust blows in from the street.

There is an easy way to keep this dust removed, however. A few minutes each day, with a Hoover, will keep rugs beaten, swept and aircleaned to the very bottom of their deepest nap. And Hoover suction cleaning attachments will dustlessly dust all your furnishings.

It's no task at all to use The Hoover. Home is always immaculate and yet you have many additional leisure hours to spend as you please.

You need a Hoover now! Buy it today! You can have it delivered for only \$6.25 down. And a few monthly payments even smaller, soon make it yours.

Bluem's

Making Electricity Work While You Play

A simple twist of the switch and a score of Electrical Appliances, so necessary to the home, are in use.

Especially in the summer are these things a part of every well appointed home. While low price is an inducing factor we wish to emphasize the high quality of our merchandise.
